History of original corner establishment:

The original corner was established in 1879 by Everett A. Thatcher as follows:

Set stone 10"x10"x6" for corner to sections 24, 25, 19, and 30
From which:

A Tamarack, 8" in diameter bears N41°E, 5 lks. distance.
A Black pine, 6" in diameter bears N50°W, 6 lks. distance.
A Black pine, 6" in diameter bears S79°W, 17 lks. distance.
A Black Pine, 7" in diameter bears S60°E, 9 lks. distance.

Description of corner evidence found:

Original bearing tree, a 14" western larch snag with a previously opened upper blaze with visible scribes "R27E S30", and lower healed blaze, bears S79°E, 11.2 ft. (Record 6" Black pine, S79°W, 11.2 ft). A 14" western larch with a previously opened upper blaze, no scribing, and healed lower blaze bears North, 18.0 ft. There is no record of this tree. A down and decayed lodgepole pine with scribes "E S19 BT" visible on double unhealed blazes bears N60°E, 10.0 ft. This tree has rolled downhill and I cannot determine its original position. Record tree for section 19 is a tamarack. There are obvious errors in the G.L.O. record for the accessories for this corner. I therefore determine the scribed blaze on the western larch snag faces N79°W and using record distance for the S.W. B.T., I set a point which is in harmony with the pine B.T. to the N.E. and the fence which is 0.5 ft. East. From this point, original bearing trees to the west have been destroyed by clearing for fence construction.

Description of monument and accessories I established to perpetuate the original location of this corner:

At point for corner as determined above, I set a 2"x32" galvanized iron pipe, with 2½" brass attached, 29" into the ground and raised mound of stone around pipe. Brass cap is marked:

T5S

R 26 E	S24 | S19	R 27 E
	S25 | S30	
	PLS 1636 1983	

From which:

A 9" white fir bears S73°30'W, 14.2 ft. scribed "T5S R26E S25 BT" on a single blaze.
A 8" white fir bears N59°W, 29.1 ft. scribed "T5S R26E S24 BT" on a single blaze.
A 8" white fir bears N46°30'E, 19.0 ft. scribed "T5S R27E S19 BT" on a single blaze.
A 17" western larch bears S67°30'E, 19.3 ft. scribed "T5S R27E S30 BT" on a single blaze.

54-3 and 54-4 signs were placed on bearing trees

Compass Declination - 20°E

I hereby certify the above corner location was perpetuated as hereon described on September 28, 1983.
