SG **Spencer Goodall** 0:05

OK.

So we yeah, so it hits recording and transcribing at the moment, so.

SP **Sandra Pointer** 0:06

Say something to you.

Oh.

Alrighty.

Do another peek out there.

I'll go check the front desk too.

But I always check because when you say to have them delivered here.

I don't see anybody lurking around.

SG **Spencer Goodall** 1:58

OK.

Well, I will just for documentation purposes, this is the bid opening on December 19th, 2025 at 9:03 AM for the Bartholomew Building standby power system installation.

This is a state project.

It is electrical for a class of work, and with that we'll turn it over to you, Sandi, if we have anything.

SP **Sandra Pointer** 2:21

As far as I know, we do not have anything.

I checked around the building and didn't see anybody lurking around.

SG **Spencer Goodall** 2:29

OK.

SP **Sandra Pointer** 2:29

Check the mailbox this morning too.

SG **Spencer Goodall** 2:29

And with that, we have.

We have not received anything as part of century West.

The plan centers utilized on the Hermiston Plan Center and the Morrow County Public Works page for this RFP.

We've only received a couple questions in the pre bid time frame and with that we have zero bids and we will move to close this and re solicit.

That our consensus sandy.

SP **Sandra Pointer** 2:57

All right.

That's our consensus.

SG **Spencer Goodall** 3:02

OK.

I'll move forward and we will prepare the next solicitation documents and use alternate plan centers ASAP.

S.

SP **Sandra Pointer** 3:09

Yep, Yep. Thank you.

SG **Spencer Goodall** 3:12

Alrighty. Thank you, Sandy.

I will leave this meeting and I will send out an e-mail letting everybody know.

SP **Sandra Pointer** 3:15

Great.

OK.
