# Budget Message

FY2026 Budget

## **Members of the Budget Committee, Board of Commissioners, and Residents of Morrow County,**

We are honored to present Morrow County's budget for the 2025-2026 fiscal year. This document serves not only as a detailed account of our financial standing but also as a clear statement of our commitment to transparency, responsible financial stewardship, and long-term fiscal sustainability.

### **Collaborative Budget Development**

Our budget is the outcome of a rigorous and collaborative process. Throughout its development, department heads, directors, and elected officials provided not just proposals, but thoughtful recommendations that reflect both the immediate needs and future aspirations of our County. In shaping this budget, we analyzed current operational requirements, future capital projects, and the efficiencies needed to provide excellent service to our community.

### **Achieving a Balanced and Structurally Sound Budget**

The proposed budget is balanced, meaning that total resources and revenues equate to total expenditures. However, our focus extends beyond immediate balance to ensuring a structurally sound budget. This approach confirms that recurring revenues sufficiently cover recurring expenditures, thus supporting the County's operational needs on a sustainable basis.

To clearly measure structural balance, we have excluded non-recurring items from our calculations, such as:

- One-time or limited-duration grants (for example, ARPA funds)
- Beginning and unappropriated fund balance resources
- Reserves
- Proceeds from capital asset sales
- Legal settlements

Similarly, the following expenditures have been removed from the structural balance assessment:

- Capital expenditures
- Debt service payments
- One-time program costs
- Emergency or disaster relief spending

- Special project-based funding

After removing these non-recurring items, the General Fund reveals a net structural deficit of approximately \$1.5 million for FY2026. Although the overall budget is balanced, this structural imbalance indicates areas for improvement in ensuring long-term fiscal resilience.

The table below represents the General Fund Operating Budget (with the aforementioned resources and requirements removed) to illustrate the net structural deficit.

General Fund: Operating Budget

	ACTUALS & YEAR-TO-DATE			CURRENT BUDGET	PROPOSED BUDGET	APPROVED BUDGET
	FY2023	FY2024	FY2025	FY2025	FY2026	FY2026

## Reviewing Financial Practices and Contingency Planning

Historically, our budgeting process has allowed for contingencies at the departmental level as a safeguard against unforeseen expenses. While meant to protect operations, this practice can lead to an overestimation of actual financial needs. In accordance with Oregon’s Local Budget Law, only expenditures that are reasonably expected to occur should be budgeted, while maintaining a general operating contingency of 10-15% for the General Fund. This approach ensures that potential surprises are managed without inflating the overall budget.

By refining our budgeting practices and eliminating duplicated contingencies at the department level, we anticipate that adjustments starting with the FY2027 budget will help close the observed \$1.5 million structural deficit and improve overall financial stability.

## Strategic Vision and Forward Planning

Our fiscal planning is further strengthened by new (and currently underway) strategic planning process involving the Board of Commissioners, Administration, and Community Stakeholders. This process will yield a strategic plan that articulates the

County's long-term goals and priorities, ensuring that resource allocation consistently aligns with the needs and ambitions of our community.

Following the adoption of the strategic plan, we will develop a long-range capital investment strategy that supports these priorities and guides future capital projects. This alignment between our fiscal policies and strategic vision is crucial for maintaining the quality of services and for promoting the long-term growth and prosperity of Morrow County.

### **Upholding Fiscal Integrity**

Our fiscal policies remain firmly centered on:

- Compliance with regulatory agencies, grant requirements, and accepted accounting standards
- Financial transparency to foster public trust
- Standardized accounting processes to ensure clarity and consistency
- Enhanced financial reporting that is both frequent and useful
- Leveraging technological advancements to optimize service delivery

The recent audit for the fiscal year ending June 30, 2024, confirms the effectiveness of these measures, as the audit identified only minor findings with no significant deficiencies or material weaknesses in the County's internal controls.

### **Conclusion**

The FY2026 budget not only meets our immediate operational needs but also sets the stage for a more sustainable fiscal future. While it is balanced on paper, our analysis of recurrent revenues and spending highlights opportunities for refinement. We are committed to making the necessary adjustments to ensure a structurally sound budget that supports long-term financial health and promotes effective public service.

We extend sincere thanks to the County staff, department heads, directors, and the Board of Commissioners for their dedication and careful input throughout this process. We also appreciate the Budget Committee for its thoughtful deliberations as we review the FY2026 budget in detail.

Respectfully,

Matthew Jensen  
County Administrator

And,

Kevin Ince  
Finance Director & Budget Officer

# Budget Process Overview

FY2026 Budget

## Oregon Local Budget Law

Local Budget Law ensures transparency and community involvement in the budgeting process by requiring the appointment of a budget officer and the formation of a budget committee, which includes district voters. The budget officer gathers relevant financial data and prepares the proposed budget, which the committee reviews and may revise before final approval.

Once the budget is approved, the governing body publishes a summary and holds a public hearing, allowing residents to express their opinions on budget items. This process promotes citizen engagement and public awareness of fiscal policies before final adoption.

Community participation varies across districts, and local governments play a crucial role in presenting clear and accessible budget information. A well-structured budget helps taxpayers understand how their funds are allocated, fostering informed discussions and valuable public input.

Oregon's Local Budget Law is set forth in [ORS 294.305 to 294.565](#).

## Budget Committee

Each local government is required to establish a budget committee to serve as its fiscal planning advisory body, as outlined in [ORS 294.414](#). The committee consists of members of the governing body and an equal number of electors appointed by that body. Electors are qualified voters who have the right to participate in local government decisions, such as voting on ballot measures.

This committee plays a key role in reviewing and refining the proposed budget, ensuring financial transparency and community involvement in the budgeting process.

### **Duties of the Budget Committee ([From Oregon Local Budget Manual](#))**

The budget committee meets publicly to review the budget document as proposed by the budget officer. The committee receives the proposed budget and the budget message and holds at least one meeting in which the public may ask questions about

and comment on the budget. Notice of the first meeting held for these purposes must be published in a specific way. The committee must eventually approve the budget and, if ad valorem property taxes are required, approve the amount of tax or the rate per \$1,000 of assessed value for each levy that will be certified to the assessor

The budget committee elects a presiding officer from among the members at the first meeting [[ORS 294.414\(9\)](#), renumbered from 294.336(9)]. The budget committee also hears the budget message at its first meeting. One of the committee's most important duties is to hear and consider any testimony presented by the public about the budget.

The budget committee reviews and, if a majority of the committee feels it is necessary, revises the proposed budget submitted by the budget officer. The committee generally studies the budget by comparing the two previous years' actual data, the current budgeted data, and the figures proposed by the budget officer. The budget committee may reduce or increase the estimates of resources and requirements proposed by the budget officer.

The Budget Committee must ultimately balance each fund and approve the budget. Additionally, the Budget Committee sets and approves the amount or rate of property taxes to be imposed.

# Budget Overview

FY2026 Budget

## Budget Structure

The Morrow County budget represents the financial plan and operating guidelines for the coming fiscal year. The 2025-26 fiscal year (FY2026) runs from July 1, 2025 to June 30, 2026.

Through the course of the year, this budget can, and likely will be, modified and amended in order to accommodate events or circumstances that were not foreseen at the time of preparation.

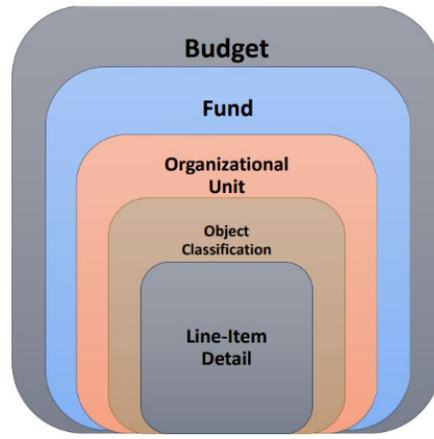

### Funds

The Morrow County budget is prepared by Fund. A government fund is a self-balancing set of accounts that is used to record estimated resources and requirements for specific activities and objectives.

<b>General Fund</b> <ul style="list-style-type: none"><li>• Revenue from permanent rate, local option levy for operations, interest and other charges/fees received to cover general operations with no restrictions on how resources are used</li></ul>	<b>Special Revenue Fund</b> <ul style="list-style-type: none"><li>• Dedicated to local option levy money, specific purpose grants, or other money required to be segregated by statute, charter, or terms.</li></ul>	<b>Capital Projects Fund</b> <ul style="list-style-type: none"><li>• Revenue from GO bonds proceeds, local option levy for capital projects or grant monies to finance a capital project.</li></ul>	<b>Debt Service Fund</b> <ul style="list-style-type: none"><li>• Revenue comes from special property tax levy (such as Revenue Bonds or GO bonds) to budget for payment of principal and interest on long-term debt.</li></ul>
<b>Internal Services Fund</b> <ul style="list-style-type: none"><li>• Revenue from services provided from one department to another department. ex. Fleet Management.</li></ul>	<b>Enterprise Fund</b> <ul style="list-style-type: none"><li>• For revenue received in fees or charges used to cover expenses of a business type entity such as running a parking garage or pool.</li></ul>	<b>Trust and Agency Fund</b> <ul style="list-style-type: none"><li>• Grants, gifts or transfers from general fund received in a fiduciary capacity to be used for a specified purpose.</li></ul>	<b>Reserve Fund</b> <ul style="list-style-type: none"><li>• Transfers from general funds or grants used to accumulate money for financing the cost of a service, project, property or equipment. Resolution required to create fund.</li></ul>

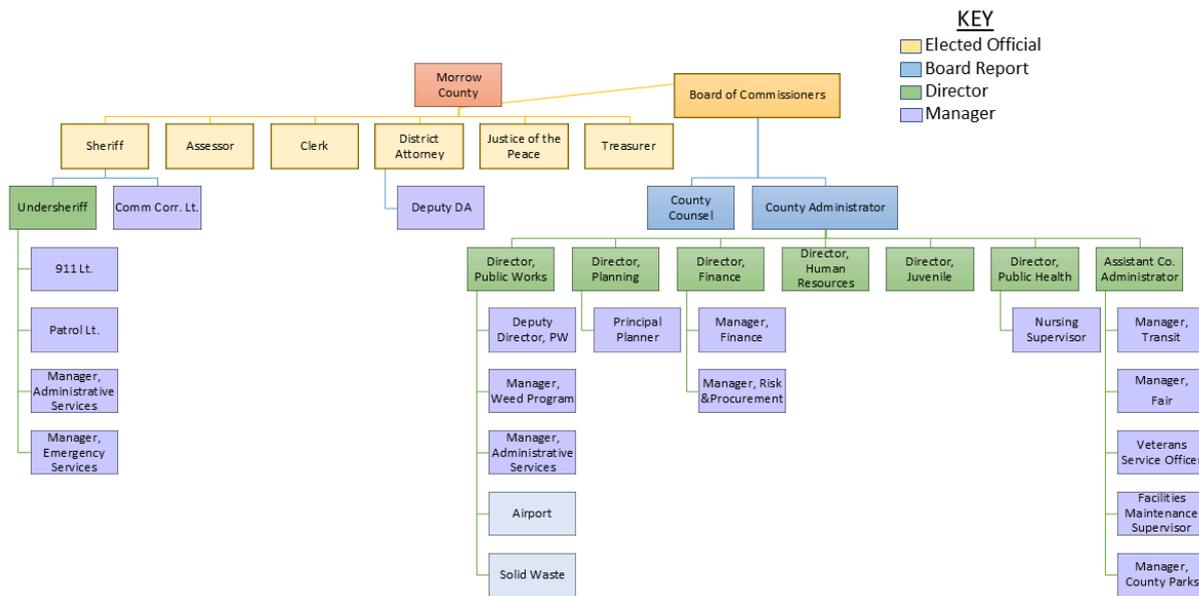

# Budget Layers

Within each fund there are multiple layers to the budget. These layers can either be organized by **Organizational Units** or by **Programs & Activities**.

Generally speaking, Morrow County Budget is organized by **Organizational Units** as illustrated in the chart to the right.

# Organizational Chart

# Object Classifications

Object classifications, the next layer in the structure of the budget, are used to group the budget line items (objects) based on a structure that is prescribed in the Oregon Revised Statutes. Some object classifications are allocated by organizational unit while others are not. Object classifications that are not able to be allocated are typically referred to as 'Non Departmental'.

## Object Classifications - Usually Allocated

- Personnel Services
- Materials & Services
- Capital Outlay

## Object Classifications - Not Allocated

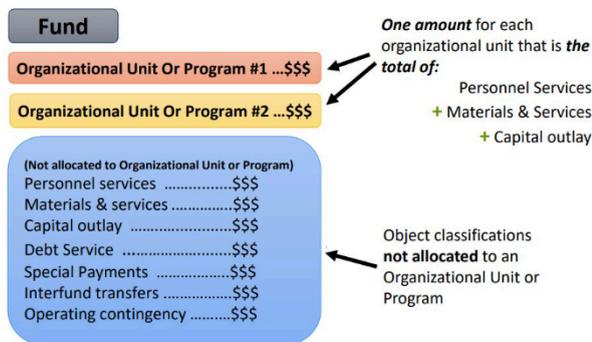

- Interfund Transfers
- Debt Service

- Special Payments
- Operating Contingency
- Reserved for Future Expenditure (RFE)
- Unappropriated Ending Fund Balance (UEFB)

In the County's General Fund, the majority of the object classifications are allocated by organizational unit. Indirect or overhead expenditures along with the object classifications identified above as 'Not Allocated' are identified as 'Non-Departmental'.

Generally speaking, in all other County funds, the object classifications are not allocated by organizational unit.

At the time of budget adoption, appropriations are made in one amount for each organizational unit and separate amounts for any object classifications not allocated to an organization unit along with debt service, special payments, transfers and operating contingency.

## Statutory Appropriations

For the Morrow County budget, appropriations are made by department (organizational unit) in the general fund with the exception of indirect costs and object classifications that are not able to be allocated. In all other funds, appropriations are made by object classification. The *line item details* within each object classification are totaled based on the level of appropriations and that total amount is appropriated.

There are some amounts represented in the budget that are never appropriated. Those are *reserved for future expenditure*, and *unappropriated ending fund balance*.

<b>REVENUES &amp; RESOURCES TOTAL</b>	<b>\$11,435,302</b>	<b>\$12,663,822</b>	<b>\$16,554,852</b>	<b>\$25,849,696</b>	<b>\$31,591,446</b>	<b>\$44,077,068</b>	<b>\$60,718,254</b>

The beginning fund balance is comprised of unspent funds (including reserves) and any budgetary savings from the prior year. Beginning fund balances (or fund balances in general) are critical to the financial health of the County. Fund balances must be set and maintained at the appropriate levels to ensure that the County has adequate working capital to sustain operations in light of cyclical and seasonal revenue streams as well as to provide adequate reserves, or a "safety net", that enable the County to be prepared for unforeseen events, future challenges and emergencies. Fund balances will fluctuate from year-to-year, and, in the most recent years, the fund balances at Morrow County have been steadily increasing. The increasing fund balances can be attributed to several different causes including, significant increase in revenues while expenditures have remained relatively flat, accumulation of reserves for strategic

capital projects, and delays in the commencement of capital and other large project expenditures.

The estimated beginning fund balances for FY2026 are calculated based on the current year-to-date actual expenditures and revenues along with projected expenditures through the remainder of the current fiscal year. If these projections differ significantly from the actual fund balances at the end of the current fiscal year, the budget for FY2026 will require reevaluation to determine if a supplemental budget may be required.

**Beginning Fund Balance:**

Revenue classification for resources not expended in one fiscal year and, thus, are available in the following year. In addition to unspent funds and budgetary savings, unappropriated fund balance, amounts reserved for future expenditures and remaining operating contingencies will carry forward and comprise the beginning fund balance for the next fiscal year.

**Unappropriated Fund Balance**

Amount set aside in the budget to be carried over to the following budget. Amounts cannot be transferred by a resolution or used through a supplemental budget unless there is a qualifying emergency (ORS 294.398)

**Reserved for Future Expenditures**

A budget requirement which is not intended to be expended during the fiscal year or budget period in which it is budgeted. This requirement shows the amount a municipal corporation plans to "save" for future financing of a service, project, property or equipment. Amount may be appropriated during the fiscal year or budget period as provided in ORS 294.471(1).

**Operating Contingency**

General operating contingency is an appropriation within a fund. It is allowed on the assumption that in the operation of any municipal corporation certain expenditures will become necessary in the fiscal year of the budgeted which cannot be foreseen and planned in the budget. The amount must be based on a good faith estimate.

In general, for the General Fund and other operating funds, the minimum fund balance target is set at 15% of operating expenditures for that fund and is allocated to 'unappropriated fund balance' or 'reserved for future expenditure' and 'general operating contingency' is set at 10% of appropriations for the fund.

This approach to managing and budgeting fund balances is consistent with the Government Finance Officers Association guidance and best practices which, for a local government with similar characteristics as Morrow County, specifies the appropriate reserve range to be set between 17% and 25% of operating expenditures.

Because the next fiscal period's budget is prepared so far in advance, it can be challenging to accurately estimate the resources that will be available at the beginning of the next fiscal year.

**Beginning Fund Balances**

## Tax Revenue

Compared to the current fiscal year, tax revenue for FY2026 is projected to decrease by about 1.5%. The reason for the decline in projected tax revenue is based on lower than expected personal property tax in the current fiscal year. Projects for property taxes are provided by the County Assessor and then reviewed for reasonableness and accuracy. Those projections are also decreased by a collection rate and discount factor of 0.039.

Property tax revenue is the largest single source of County revenue and, with one exception, can be expended for any governmental purpose. The exception constraining the use of property tax revenue is outlined in ORS 368.705(3). This statute prohibits the use of county money for roads and bridges that has not been specifically levied for that purpose. This statute reads as follows:

*County funds derived from any ad valorem tax levy may not be used or expended by the county governing body upon any roads or bridges except:*

*(a) Funds derived from a levy within the permanent rate limit of section 11 (3), Article XI of the Oregon Constitution, or the statutory rate as provided in ORS 310.236 (Determination of taxing district 1997-1998 operating taxes and permanent and statutory rate limits for tax years after 1997-1998) (4) or 310.237 (Reallocation of Measure 47 comparison taxes and adjustment of rate limits for certain districts for 2000-2001 and later tax years), if a voter-approved county serial levy dedicated to road improvements was used in determining the rate limit; or*

*(b) Local option taxes levied under ORS 280.040 (Definitions for ORS 280.040 to 280.145) to 280.145 (Serial levy under former law). [Amended by 1963 c.9 §18; 1967 c.203 §1; 1973 c.240 §3; 1983 c.582 §1; 1987 c.667 §5; 1991 c.459 §388; 1999 c.21 §73; 2007 c.679 §1]*

In May of 1997, Oregon voters approved Measure 50. In summary, the impacts of Measure 50 to the County were:

1. **Property Tax Stability:** Measure 50 brought stability to property tax bills by capping annual increases in assessed property values at three percent.
2. **Reduced Tax Revenue:** While providing stability, Measure 50 also led to a reduction in property tax revenue for local governments. The 17 percent reduction in tax levies affected funding for essential services such as schools, public safety, and infrastructure.
3. **Fixed Tax Rates:** Counties had to work with fixed tax rates based on the 1997-1998 levy. This meant that even as property values changed, the tax rates remained constant. Counties had to manage their finances within these constraints.

Specific to Morrow County, the resulting permanent tax rate for the county is \$4.1347 per \$1,000 of assessed valuation. One item to note is that the total revenue amount

listed in the 'Taxes' revenue category includes not only revenue generated through property taxes levied in the current year, but also, collection of delinquent taxes levied in a prior year, as well as payments received in lieu of taxes that are related to tax abatement programs intended to bolster economic growth (such as Strategic Investment Programs and Enterprise Zone Agreements)

## Strategic Investment Program (SIP) Revenue

Revenues generated from SIP agreements have become a significant funding source for the County. It is expected that we will continue to see an increase in these revenues for the next several years. The table below provides the detail of SIP related revenues that are included in this budget.

<b>FY2026 Estimated Revenues - Strategic Investment Programs</b>							
	<b>Caithness Shepards Flat</b>	<b>PGE</b>	<b>Wheatridge</b>	<b>Orchard Wind</b>	<b>Amazon</b>	<b>Gain Share</b>	<b>Total</b>

Federal State and Local revenues are comprised of grants, and intergovernmental (primarily state) shared revenues. The Federal, State, and Local revenues for the FY2026 budget comprise about 29.8% of the total revenues for the County.

Total intergovernmental revenues are budgeted at \$ 486,994 which is about a 1.7% increase over the prior year's budget. Grant revenue for FY2026 is projected to decrease by about 3.7% or \$371,909. The grant revenue reductions are the most significant in Public Health and Public Transportation.

## Charges, Fees, Licenses, Permits, Fines and Assessments

Another significant source of revenue for the County are charges for services and fees. For the FY2026 we are budgeted a 13.8% increase over the prior year's budget which equates to \$686,478. The license fees received from the Finley Butte Landfill account for \$300,000 of that increase due to the annual contract rate adjustment based on the CPI. Another significant increase of \$122,000 is being projected in the Parks Department due to an update to the Parks fee schedule.

In this budget the landfill license fees are utilized to fund the operating and capital expenditures of the County's two transfer stations (net of fees collected) and the remainder has been allocated to the Road Fund to support operating, maintenance and capital investment activities.

# Expenditures & Requirements

FY2026 Budget

## Personnel

### Staffing Changes

Full Time Equivalent (FTE) increases that are included in the FY2026 budget are listed in the table below. Each year, there is an open process for departments to submit requests for FTE increases. These requests are reviewed and vetted by the Personnel Review Committee and a final recommendation is made to the Board of Commissioners. Approved changes are then incorporated into the proposed budget.

FTE Increases			
Department	Fund	Position	FTE
Weed	General Fund	Weed Control Applicator	0.51
Human Resources	General Fund	Human Resources Assistant	0.80
Facilities Maintenance	General Fund	Janitor	1.00
District Attorney	General Fund	Legal Assistant	1.00

### Compensation Board Recommendations

Recommendations made by the Compensation Board for Elected Officials compensation are listed below and have been incorporated into the FY2026 Budget:

- Cost of Living Allowance (COLA) for Assessor, Clerk, Justice of the Peace, Sheriff and Treasurer: 3.0%
- Increase Commissioner compensation from \$72,384 to \$77,000, plus a 3% COLA
- Increase the District Attorney stipend from \$16,544 to \$25,000

These recommendations were reviewed and approved by the Board of Commissioners. As provided in ORS, changes in compensation for elected officials

must be approved by both the Budget Committee and the Board of Commissioners.

## Other Personnel Budget Assumptions:

- COLA for all employees: 3.0% based on CPI
- Maintaining additional \$1,000,000 contribution from general funds towards the County pension unfunded liability
- Contribution rate for the County defined benefit pension plan increased to 55.4% (from 51%) of participating employees' salary based on actuarial valuation

# Department Summaries

FY2026 Budget

<b>Fund:</b>	<b>Department:</b>
101-General Fund	100-Non-Departmental
101-General Fund	199-Non-Departmental

## Introduction

Non-Departmental in the General Fund is for accounting for revenues and expenditures that are not allocable to a specific organizational unit or program.

Historically, Non-Departmental was used indiscriminately as a holding place for new revenues and expenses and, inadvertently, grew to become the largest "department" in the County.

Over the past three years, County staff has worked to better allocate these revenues and expenses to specific departments, as appropriate, resulting in better tracking, accountability, and transparency. This has resulted in significant decreases in Non-Departmental revenues and expenditures.

## Budget Summary

**Non-Departmental**

## Budget Discussion

Materials and services have decreased significantly in the FY2026 budget compared to the prior year. This is due to the ongoing effort to appropriately classify expenses by departments and functions in order to maximize financial transparency. In this budget, the most substantial decrease is due to moving the funding for the Morrow County Extension Service to Community Development rather than leaving it in 'Non-Departmental'.

In addition, there was an almost \$40,000 decrease as telephone and internet related costs were moved into the IT Department (who is responsible for managing them).

There is also a significant decrease in transfers out of the General Fund. In FY2025 the budget for interfund transfers was quite large due to the need to transfer and redistribute the General Fund surplus that had been accumulating to more appropriate funds and departments. That was a 'one time' activity that does not need to be maintained annually so those extra transfers out of the General Fund were removed from the budget for FY2026.

Also, we have maintained the \$1 million expenditure for the supplemental contribution to the defined benefit pension plan unfunded liability. Unless otherwise directed by the Board, this practice will continue, as funds are available, until the pension liability is fully funded.

# Department Summaries

FY2026 Budget

**Fund:**

**Department:**

**227-Capital Improvement Projects Multiple Fund**

## Introduction

The Capital Improvement Projects (CIP) Fund is used to account for major strategic capital projects and acquisitions for the County. Monies are only expended from this fund for approved capital projects and acquisitions.

In prior years, several projects have been identified, and reserves have been accumulating towards them. These projects include:

- Public Health Building Improvements or Replacement
- Historic Courthouse Major Restoration
- Public Works Facility Improvement or Replacement
- Public Transit Facility
- Circuit Court Construction
- Sheriff's Office Improvement or Replacement

With the exception of the Circuit Court project (which is currently in progress) none of the other projects have been started. However, through the strategic planning and capital planning process that is currently underway, we expect to be able to prioritize the remaining projects on this list (and perhaps add additional projects) so that we can start moving them forward.

## Budget Summary

## Budget Discussion

### Circuit Court Project:

Based on an overall project budget for the Circuit Court Project of \$35 million. The FY2026 budget provides adequate resources to meet the projected spending plan for FY2026 while at the same time accumulating and maintain adequate reserves for the projected project expenditures in FY2027 and FY2028.

The County is receiving funding from the State of Oregon that will ultimately cover a project 34% of the total project costs. This means the County's portion of the total costs is projected to be approximately \$23.1 million. Below is the most recent projected spending plan available at the time this budget was prepared.

A contingency amount has been added to the FY2026 budget to ensure adequate availability of funds and appropriations in the event of deviation from the spending projections provided by the project manager.

	FY2026	FY2027	FY2028
<b>Projected project expenditures (Total)</b>	\$ 5,276,000	\$ 26,382,000	\$ 2,635,000

### Other Projects:

As previously mentioned, there are other projects that have been accumulating reserves that are accounted for in this fund. This funding may be reallocated based on the outcome and prioritization of the long-range capital planning process currently underway. The amounts allocated to each individual project may be modified by the Board of Commissioners as well based on the final prioritization of strategic capital projects.

<b>Project Description</b>	<b>Amount in Reserve</b>
<b>Public Health Building</b>	\$ 2,000,000
<b>Historic Courthouse Restoration</b>	\$ 1,000,000
<b>Public Works Building</b>	\$ 2,000,000
<b>Public Transit Facility</b>	\$ 651,073
<b>Circuit Court Project (FY2027 &amp; FY2028)</b>	\$ 18,803,004
<b>Total</b>	<b>\$ 24,454,077</b>

**Sources of Funding:**

The sources of funding for additions to this fund in the FY2026 budget include County general funds (SIP Agreement revenue) and interest on investments.

# Department Summaries

FY2026 Budget

**Fund:**

**101-General Fund**

**Department:**

**102-Finance Department**

## Introduction

The Finance Department oversees all financial accounting and reporting functions for the County, ensuring accuracy, compliance, and fiscal responsibility. Core responsibilities include maintaining the general ledger and chart of accounts, recording and auditing transactions, managing accounts payable, and preparing and monitoring the County’s budget. The department also coordinates with the County’s financial audit firm and other agencies conducting financial and compliance audits for various grant programs.

Additionally, under [ORS Chapter 210](#), the County Accountant’s office plays a critical role in financial oversight. Responsibilities include maintaining a register of claims, auditing county payments, ensuring proper deposit of fees and funds, and reviewing financial reports from various departments. The office also prepares annual financial statements, monitors compliance with fiscal policies, and reports findings to the Board of County Commissioners to support informed decision-making.

In addition, during FY2025 a Risk and Procurement Management function was added to the Finance Department to oversee procurement processes, risk management strategies, and insurance coverage, including property, liability, and auto. This function ensures compliance with purchasing regulations, manages contractual agreements, and safeguards county assets through effective risk assessment and mitigation. The department also oversees fleet management, ensuring operational efficiency and cost-effectiveness in maintaining county vehicles. Centralizing these activities within Finance Department strengthens financial transparency and risk oversight while supporting the County’s broader operational needs.

## Budget Summary

OTHER REVENUE SOURCES	\$2,679	\$18	\$0	\$0	\$0	\$0
<b>REVENUES TOTAL</b>	<b>\$5,204</b>	<b>\$23,670</b>	<b>\$5,731</b>	<b>\$6,500</b>	<b>\$6,500</b>	<b>\$6,500</b>
<b>Expenses</b>						
MATERIALS & SERVICES	\$127,829	\$180,598	\$118,128	\$267,749	\$214,333	\$214,333
PERSONNEL SERVICES	\$643,594	\$378,584	\$543,318	\$681,633	\$801,491	\$801,491
<b>EXPENSES TOTAL</b>	<b>\$771,423</b>	<b>\$559,182</b>	<b>\$661,447</b>	<b>\$949,382</b>	<b>\$1,015,824</b>	<b>\$1,015,824</b>
<b>Revenues Less Expenses</b>	<b>-\$766,219</b>	<b>-\$535,511</b>	<b>-\$655,716</b>	<b>-\$942,882</b>	<b>-\$1,009,324</b>	<b>-\$1,009,324</b>

For FY2026, the department's budget reflects a 25% decrease in materials and services compared to the prior year. This reduction is primarily due to the removal of contractor and consulting costs for projects that have been postponed following a strategic re-prioritization. In previous budgets, \$50,000 had been allocated for engaging a consultant to develop a Cost Allocation Plan to distribute indirect costs across departments, grants, and programs. However, limitations within the current financial system make implementation of such a plan challenging, even if completed. As a result, this project has been deferred until after the successful implementation of the Enterprise Resource Planning (ERP) System.

For FY2026, the department's primary project beyond regular operations is the ERP System implementation and completion. This initiative represents a significant undertaking, requiring coordination across multiple County departments. The most substantial workload falls on the Finance and Human Resource departments, as the systems being replaced are core tools integral to daily operations. Successful execution of this project will enhance efficiency, data management, and long-term financial oversight for the County.

The newly established Risk and Procurement Management Function is also undertaking several activities and smaller projects throughout the fiscal year. While some are tied to the ERP System project, many focus on broader operational improvements. The primary emphasis will be on developing standardized processes and updating policies, ensuring efficiency and consistency in procurement, risk management, and related administrative functions.

## Write a title for the content below

GF: 102-Finance

Position Name	FINANCE & ACCOUNTING
<b>Allocated FTE Count</b>	
Accounting Tech	1
Finance Director	1
Risk & Procurement Manager	1
Finance Manager	1
Accounting Analyst	1
<b>ALLOCATED FTE COUNT</b>	<b>5</b>

The FY2026 proposed budget reflects a 15% increase in personnel costs, primarily driven by the creation and addition of the Risk and Procurement Manager position within the department. This expansion strengthens operational oversight, ensuring more robust risk management and procurement processes.

With this adjustment, the Finance Department now consists of five full-time-equivalents (FTEs) in the proposed budget. The addition of the Finance Manager position in FY2024, alongside the newly established Risk and Procurement Manager, has helped round out the finance team's capabilities. At this time, no additional positions are anticipated in the near term, as the department is well-positioned to meet its current and projected operational needs.

FY2026 Budget

<b>Fund:</b>	<b>Department:</b>
<b>101-General Fund</b>	<b>121-Facilities Department</b>
<b>241-Facilities Capital Reserve</b>	<b>121-Facilities Department</b>

## Introduction

General maintenance is dedicated to ensuring a safe, comfortable, and effective workplace for all staff and the public who visit and utilize our facilities.

The Facilities Department budget also includes the Facilities Capital Reserve Fund. This fund is utilized as a reserve for unplanned and unforeseen capital expenditures as well as to accumulate reserves for planned capital expenditures required to maintain County facilities.

Some of the increases in the General Fund department for Facilities are related to moving budget items from the Facilities Capital Reserve Fund into the General Fund Department. These changes are necessary due to the restrictions on how capital reserve funds are utilized; they can only be used to for the expenditure of funds related to capital improvements, acquisitions and capital projects. There were a number of line items classified as expenses (rather than capital) in the reserve fund in previous budgets. This has been corrected in the FY2026 budget.

The Facilities Capital Reserve now has two line items as follows:

- Capital Outlay-Unspecified: \$ 500,000
- Library Roof Replacement Reserve: \$ 300,000

The Library roof replacement reserve is to support a planned replacement project in FY2027.

The unspecified capital out 'unspecified' amount is a general appropriation that is not project specific and will only be utilized in the event of a major unplanned capital facilities need and only after approval of the expenditure by the Board of Commissioners. Unless directed otherwise, the regular reserve balance for this fund will be maintained at \$ 500,000 (not including project specific reserves).

Other changes to materials & services expenditures in the Facilities Maintenance Department in the General Fund include:

- \$ 100,000 increase in contract services to support the annual maintenance plan for parking lots owned by the County
- \$ 50,000 increase in contract services to perform maintenance on the historic courthouse building (including repairs to the stairs and to point and tuck stones)

### Capital Outlay

Description	Notes	Amount
Irrigon Building Generator	Funded through ODEM Grant 22-208 for \$117,580; County to contribute \$30,000 to complete	\$ 147,580
Bartholomew Building Generator	Funded through ODEM Grant 23-EOC4 for \$177,000; anticipating \$275k Max for project; County to contribute \$98,000	\$ 275,000
FY2025 Carryover: Upfitting for vehicle procured in FY2025	Delivery was delayed so upfitting could not be completed	\$ 40,000
Additional Vehicle: Custodian	Addition of an additional custodian FTE requires an addition vehicle for the department.	\$ 49,000
Security Gate-Sheriff's Office (Irrigon)	Funded through ODEM Grant 24-29	\$ 29,380
<b>Total</b>		<b>\$ 540,960</b>

<b>Fund:</b>	<b>Department:</b>
<b>101-General Fund</b>	<b>125-Information Technology</b>
<b>215-IT Capital Reserve Fund</b>	<b>125-Information Technology</b>

## Introduction

The County contracts with the City of Hermiston for Information Technology management and support services. The intergovernmental agreement between the City of Hermiston and the County was amended at the end of FY2024 and repriced in order to align the cost of the contract with the level of services being provided. For FY2026 and beyond, the amendment also included an annual adjustment based on the consumer price index in order to account for inflation.

## Budget Discussion

Overall the IT budget for FY2026 reflects a decrease from the prior year of almost 13%. This is due to the removal of expenditures that were related to one time, limited duration projects. Two of these projects were the completion of the IT Business Continuity and Disaster Recovery Plan and the Server Redundancy Projects. At this time these projects are substantially complete, or will be, by the end of the fiscal year. This resulted in a total \$ 165,000 of expenditures being removed from the FY2026 budget.

The Information technology budget also includes the IT Capital Reserve Fund that is utilized as a reserve for major unplanned technology capital expenditures as well as major capital technology related projects. Through consulting with the IT team, it was determined that the appropriate base, or minimum balance, for this was should be \$ 200,000. This amount would only be utilized in the case of a necessary and unforeseen capital need in the department.

In addition to the reserve amount described above, this fund is also used for major IT related capital projects.

The only major project that is budgeted in this fund for FY2026 is the Enterprise Resource Planning (ERP) System replacement that was approved in the FY2025 budget. Although progress on this project has been made, there was a major roadblock encountered with the selected vendor for this system and the project team has had to pivot to an alternate vendor and system. This has resulted in a project delay with expected completion planned to be around the middle of FY2027. The budget for this project has been carried forward into the FY2026 budget. The majority of the project funding is through the Federal LATCF funding that the County received in FY2023.

There are some additional projects, though, that are included in the FY2026 budget which are detailed below:

Project	Capital or Expense	Amount
Conversion & Consolidation of Video	Expense	\$ 36,856

<b>Project</b>	<b>Capital or Expense</b>	<b>Amount</b>
Surveillance Systems		
Conversion & Consolidation of Building Access Control Systems	Capital	\$ 33,000
Fairgrounds Network/Fiber Improvements	Expense	\$ 5,250
Regular PC Replacements (5 yr rotation)	Expense	\$ 52,000
ERP System Replacement Project (In progress)	Capital (SBITA)	\$ 820,000

# Department Summaries

FY2026 Budget

**Fund:**

**101-General Fund**

**228-Safety Committee Fund**

**Department:**

**131-Human Resources**

## Introduction

The Human Resources Department is dedicated to building collaborative partnerships across all levels of the County to foster a culture of engagement, respect, and shared success.

## Goals & Objectives for Upcoming Year

Increase operation efficiency through streamlined HR processes. Implement technology solutions (HRIS) to reduce administrative tasks and streamline workflows, enabling staff to focus more on strategic initiatives and value-added activities. Through HRIS implementation work, we will conduct a comprehensive review of current HR processes to identify areas for improvement and develop standardized procedures to eliminate inefficiencies and ensure consistency in service delivery.

The Board of Commissioners have committed to developing a strategic plan that includes clearly defining the County's mission and values. Once this plan is in place, HR's goal is to align all processes and initiatives with the mission to ensure that every employee and department is working toward the same objectives and in unison. By enhancing communication, promoting transparency, and fostering mutual respect, we aim to create an environment where employees feel engaged, motivated, and empowered to do their best work. We understand that a culture built on collaboration and support not only increases employee satisfaction and retention but also drives improved performance across the organization.

## Budget Discussion

Human Resources and Finance are working jointly on implementing an Enterprise Resource Planning System (ERP) that works efficiently for both departments. We selected a system called Univerus. The software system expense for our department will increase due to the functionalities purchased.

Our department has asked for an additional employee to assist in paraprofessional HR activities due to the employee count growing at a consistent rate.

## Budget Discussion

Morrow County holds in high regard the safety, welfare, and health of our employees. We have a responsibility to make every reasonable effort to maintain a safe and healthful working environment. No job will be considered so important or urgent that we cannot take time to perform our work safely.

A safety committee has been established to coordinate the safety programs and assist the County's management staff in promoting safe working conditions.

Morrow County is establishing a loss prevention program that emphasizes the integration of safety and health measures into each job task so that safety and job performance become inseparable. We expect our employees to respond to all safety efforts and to perform their jobs in the safest possible manner. The Safety Committee shall evaluate the County's accountability system and make recommendations to implement supervisor and employee accountability for safety and health. Our safety and loss prevention effort will be accomplished through the cooperative efforts of all employees who will work together to obtain the lowest possible workplace accident rates.

We are committed to making our loss prevention program a success, and we expect all employees to assist in this effort. To fulfill this obligation, safety orientation for new and transferred employees, timely and appropriate training, management/employee safety committee, an active self-inspection program, proper mechanical guards, and personal protective equipment will be some of the tools used to maintain a safe work environment.

The County's Safety Committee will make regular inspections to evaluate and detect physical and chemical hazards. In addition, it will investigate losses and loss trends. Written reports will be prepared that include recommendations for corrective action.

The Safety Committee will be available to provide loss prevention assistance for all employees.

The County is responsible for evaluating and obtaining personal protective equipment. Additionally, we will instruct employees in the proper use and maintenance of this equipment.

On job sites where harmful plants, animals, toxic material or any other condition exists which may be harmful, the County will inform employees about these identifiable potential hazards. Additionally, we will instruct employees regarding appropriate controls, necessary personal hygiene, and personal protective measures required to reduce or eliminate the hazards.

The County recognizes the need to provide a workplace which meets the ergonomic needs of its employees. Worksites will be evaluated for design, layout and operation using an ergonomic approach. We will obtain assistance in this effort from City/County Insurance Services, SAIF and other resources by using their safety representative as a consultant to evaluate and make recommendations for ergonomic job site modifications.

During the scope of the Safety Committee a need was identified to focus on employee's overall wellness. The Committee recognizes that employees cannot be expected to not have accidents or injuries, especially when an employee is in poor health. The County cares about the wellness of our employees, not just within their positions but in every aspect of their life. Thus, a Wellness Sub-Committee was born. The Wellness Program is intended to make employees aware of their health and wellness habits and do small challenges each month to make them healthier individuals. This program's expenses are primarily around lunch & learns, kickoffs, and prizes.

# Department Summaries

FY2026 Budget

<b>Fund:</b> <b>101-General Fund</b>	<b>Department:</b> <b>101-Board of Commissioners &amp; Administration</b>
---	--

## Introduction

The County Board of Commissioners serves as the governing body responsible for overseeing county operations, policy-making, and financial management in accordance with Oregon statutory law ([ORS Chapter 203](#)). Comprised of three commissioners, the board ensures effective decision-making, with a majority required to conduct county business. As the designated authority for county governance, the board appoints a chairperson annually, providing leadership and direction for administrative functions. Its responsibilities encompass budget approval, strategic planning, and addressing community needs, ensuring the county's fiscal health and efficient service delivery. Any statutory references to a county court within counties operating under a board of commissioners are legally interpreted as applying to the board itself.

## Budget Summary

### 101: Board of Commissioners & Administration

	ACTUALS & YTD			CURRENT BUDGET	PROPOSED BUDGET	APPROVED BUDGET
	FY2023	FY2024	FY2025	FY2025	FY2026	FY2026
<b>Revenues</b>						
FEDERAL, STATE, & LOCAL	\$9,922	\$9,000	\$56,556	\$21,800	\$9,000	\$9,000
OTHER REVENUE SOURCES	\$1,030	\$926	\$6,715	\$584	\$584	\$584
<b>REVENUES TOTAL</b>	<b>\$10,952</b>	<b>\$9,926</b>	<b>\$63,271</b>	<b>\$22,384</b>	<b>\$9,584</b>	<b>\$9,584</b>
<b>Expenses</b>						
MATERIALS & SERVICES	\$90,593	\$509,111	\$224,490	\$275,222	\$270,448	\$270,448
PERSONNEL SERVICES	\$431,608	\$699,917	\$754,825	\$841,609	\$738,076	\$738,076
CAPITAL OUTLAY	–	–	\$200,266	\$230,000	\$0	\$0
SPECIAL PAYMENTS	\$8,315	–	\$8,000	\$51,400	\$14,000	\$14,000
<b>EXPENSES TOTAL</b>	<b>\$530,516</b>	<b>\$1,209,028</b>	<b>\$1,187,582</b>	<b>\$1,398,231</b>	<b>\$1,022,524</b>	<b>\$1,022,524</b>
<b>Revenues Less Expenses</b>	<b>-\$519,564</b>	<b>-\$1,199,102</b>	<b>-\$1,124,311</b>	<b>-\$1,375,847</b>	<b>-\$1,012,940</b>	<b>-\$1,012,940</b>

For FY2026, the department has budgeted a **1.8% decrease** in materials and services and a **14% reduction** in personnel costs, both directly tied to the transfer of budget allocations for the Assistant County Administrator to the **Community Services Administration** department.

Additionally, there is a **significant decrease in capital outlay**, as the previous year’s budget included **\$230,000** for the replacement of several pool vehicles. This was a one-time expenditure and is not part of the department’s recurring annual costs.

## Personnel

**GF: 101-Board of Commissioners**

Position Name	FY26 WF PLAN-PROPOSED
<b>Allocated FTE Count</b>	
Commissioner	3
County Administrator	1
BoC Executive Assistant	1
County Counsel	1
<b>ALLOCATED FTE COUNT</b>	<b>6</b>

In addition to the three elected Commissioners, this department oversees the activities and financial considerations of key administrative personnel, including the County Administrator, County Counsel, and the Executive Assistant. In the previous fiscal year, an additional role—the Assistant County Administrator—was established to support county leadership. To enhance transparency in financial reporting, this budget introduces a new department, **County Services Administration**, ensuring a more structured approach to oversight. This adjustment aligns reporting practices with operational functions, as the departments and programs managed by the Assistant County Administrator are all dedicated to community service initiatives.

FY2026 Budget

**Fund:**

**101-General Fund**

**Department:**

**103-Assessment & Tax**

## Introduction

The County Assessor is responsible for determining property values, maintaining assessment records, and certifying the tax roll for collection. This includes administering tax exemptions, processing property value appeals, and ensuring compliance with state assessment regulations. The office also manages cadastral mapping and property ownership records.

The Tax Collector oversees the collection and distribution of property taxes to local taxing districts. Responsibilities include processing tax payments, managing delinquent accounts, handling foreclosure proceedings, and providing financial reporting in accordance with state regulations. These functions ensure accurate taxation and revenue distribution, supporting local government operations and essential public services.

## Budget Summary

SPECIAL PAYMENTS	\$740	\$550	\$2,145	\$0	\$0	\$0
<b>EXPENSES TOTAL</b>	<b>\$834,071</b>	<b>\$850,291</b>	<b>\$1,007,923</b>	<b>\$1,258,224</b>	<b>\$1,298,373</b>	<b>\$1,298,373</b>
<b>Revenues Less Expenses</b>	<b>-\$681,920</b>	<b>-\$717,144</b>	<b>-\$883,225</b>	<b>-\$1,131,224</b>	<b>-\$1,171,373</b>	<b>-\$1,171,373</b>

The Assessment & Tax Department continues to play a critical role in managing property assessments and tax collections across Morrow County. With oversight of over \$11 billion in Real Market Value, \$3.9 billion in Taxable Value, and the certification and collection of over \$57 million in property taxes for the County’s 47 taxing districts, the department ensures accurate taxation and financial stewardship. Additionally, it manages and collects over \$20 million in Strategic Investment Program (SIP) and Enterprise Zone (EZ) payments, reinforcing economic development efforts.

In the past year, the department has successfully implemented new field appraisal and tax collection hardware and software, enhancing operational efficiency. These improvements, approved during the previous budget cycle, have streamlined field appraisal workflows and expedited tax payment turnover to the Treasurer, particularly during peak collection periods in November, February, and May.

**Budget Adjustments for FY2024-25**

Key financial adjustments in Materials and Services include:

- Office Supplies reduced from \$7,500 to \$5,500, with \$2,000 reallocated to Computer Hardware and Office Equipment Maintenance.
- Legal Notices increased by \$300 due to rising foreclosure public notice costs.
- Software Maintenance budgeted at an additional \$5,000, reflecting an anticipated 8% increase in software costs.
- Software Leases increased by \$2,026 to support Mobile Assessor software lease for field appraisal operations.
- Publications and Subscriptions increased by \$500, ensuring continued access to essential resources.

**Capital Projects & Purchases**

The department has allocated \$28,000 in capital outlay for the replacement of an aging vehicle, ensuring continued reliability in field operations. With three vehicles currently assigned, dependable transportation remains essential for supporting field appraisal work, interdepartmental coordination, and broader County-related travel requirements.

<b>233-Clerk's Records Fund</b>	<b>105-Clerk's Office</b>
<b>247-Election Moderinzation Fund</b>	<b>105-Clerk's Office</b>

## Introduction

The County Clerk’s Office serves as a customer service hub, managing essential public records and administrative functions for Morrow County. Responsibilities include handling land, mortgage, and lien records, maintaining public indexes, and overseeing the processing of passports, marriage records, death notices, and election administration for cities, districts, and State and Federal offices.

The office collaborates closely with key agencies, including the Department of Vital Records, Department of State, Department of Revenue, Secretary of State, and other County partners, ensuring compliance and efficient operations.

## Technology & Operations

To support its work, the office maintains software systems for recording and elections, including:

- OCVR – Oregon Central Voting Registration System for voter management.
- ScanPro for reading archived film records.
- ES&S Voting Machine software and hardware for election processing.

There are also other departments and funds under the responsibility of the County Clerk. These include:

- Board of Property Tax Appeals (BOPTA; department)
- Clerk's Records Fund
- Election Modernization Fund

Established by [ORS 309.020](#), the Board of Property Tax Appeals (BOPTA) plays a crucial role in handling property tax appeals.

### Purpose and Function:

BOPTA is an independent board responsible for reviewing property tax assessments and appeals. Property owners who disagree with their property’s assessed value can file an appeal with BOPTA.

### County-Level BOPTA:

BOPTA operates at the county level. Each county has its own BOPTA, and appeals must be submitted to the appropriate person in the county where the property exists.

There are no FTE changes to personnel in the County Clerks office. The total allocated FTE for this office is 3.88. Note that not all of the personnel costs for the County Clerk are posted to the General Fund County Clerks Office, a portion of the personnel costs are also allocated to the General Fund department 107-Board of Property Tax Appeals.

# Department Summaries

FY2026 Budget

<b>Fund:</b> <b>101-General Fund</b>	<b>Department:</b> <b>104-County Treasurer</b>
---	---

## Introduction

The Treasurer’s Office is managed by the elected County Treasurer, who serves a four-year term. The Treasurer is responsible for receipting all revenue received by Morrow County, including property tax payments, service fees, and state and federal funds.

Key duties include allocating and remitting property tax payments to taxing districts in a timely and accurate manner, ensuring proper distribution of collected revenues. Additionally, the Treasurer oversees cash management, ensuring sufficient funds are available to meet County obligations, managing banking relationships, and directing the investment of County funds.

These responsibilities are outlined in [ORS Chapter 208](#), which governs the receipt, disbursement, and financial oversight duties of County Treasurers.

## Budget Summary

The FY2026 budget reflects an increase in Federal, State, and Local revenues, primarily due to a higher expected allocation from the CAFFA grant through the State

of Oregon.

The most significant expenditure growth is in Materials & Services, with the largest component being a \$4,000 increase in Training and Development expenditures for the Treasurer. This investment supports continued professional development and ensures alignment with treasury management best practices.

## Personnel

### GF: 104-TREASURER

Position Name	TREASURER
<b>Allocated FTE Count</b>	
Treasurer	1
<b>ALLOCATED FTE COUNT</b>	<b>1</b>

The Treasurer’s Office is staffed by one full-time equivalent (FTE)—the County Treasurer. There are no changes to staffing levels in the FY2026 budget, ensuring continued oversight of County treasury management, and tax distribution.

<b>Fund:</b>	<b>Department:</b>
<b>101-General Fund</b>	<b>118-County Surveyor</b>
<b>208-Surveyor's Corner Preservation Fund</b>	<b>118-County Surveyor</b>

## Introduction

The duties of a county surveyor in Oregon are outlined in Oregon Revised Statute [\(ORS\) §209.070](#). They include:

- **Survey and Plat Records:** County surveyors maintain and file survey and plat records. These records document property boundaries, land divisions, and other relevant information related to land ownership and use.
- **Public Land Corner Restoration:** They oversee the public land corner restoration program. This involves locating and restoring original land survey monuments (such as corner markers) that may have been lost or damaged over time.
- **Assistance to the Public:** County surveyors assist the public with survey-related questions. If you have inquiries about property boundaries, land surveys, or related matters, they can provide guidance.

In Morrow County, the County Surveyor is an appointed position and the function is currently contracted out to a private contractor. The County Survey budget also includes fund '208 - Corner Preservation Fund'.

## Budget Discussion

The County Surveyor budget in the General Fund for FY2026 has an 11.4% decrease from the prior year's budget. Since this function is entirely contracted for, there were existing budget line items removed that would only be expended if this function were being performed by County employees (such as office supplies, and training/travel expenditures).

## Budget Discussion: Planning Department

### Operational Overview

The Planning function continues to experience significant growth in permit application volume, with a notable 50% increase in 2024. This growth is primarily driven by renewable energy projects, transmission line developments, and data center construction. The increase in Land Use Compatibility Statements (LUCS) ranges from simple on-site septic reviews to complex air and water quality permits. Current projections indicate permit volumes may stabilize or slightly decrease in the coming year.

### Long-Range Planning and Water Initiatives

While managing increased permit demands, staff advances critical strategic projects including Comprehensive Plan and Code Updates and the Columbia River Heritage Trail Plan revision. Substantial resources are dedicated to water initiatives through the Water Advisory Committee (WAC), Lower Umatilla Basin Groundwater Management Area Committee, and the Morrow and Umatilla County Groundwater Investigation research project.

### Grant and Project Development

A recent federal appropriation opportunity has prompted preparation of a comprehensive grant application focusing on public water systems design, engineering solutions for properties affected by elevated nitrate levels, and alternative water source development for impacted homeowners.

### Staffing and Personnel

The function underwent significant staffing changes in 2024, experiencing a 50% turnover due to health-related resignation, private sector recruitment, and relocation. Full staffing capacity was restored as of February 10th.

### Budget Adjustments

Modest budget modifications from the previous year primarily address expanded contractual support, including funding for a traffic engineer of record and specialized land use legal counsel through Dan Kearns. This technical expertise has proven valuable for county operations.

### Additional Services

The function has expanded its service offerings beyond traditional permitting activities. With a dedicated GIS Coordinator, services now include GIS and drone imagery support for other county functions. Staff also manages various initiatives including

water project administration, transportation planning, and provides support to small cities while participating in various external committees.

This structure demonstrates the function's evolving role in regulatory oversight, interdepartmental support, and comprehensive community development while maintaining focus on immediate planning needs and long-term strategic objectives.

## Write a title for the content below

**GF: 115-PLANNING DEPARTMENT**

<b>Position Name</b>	<b>PLANNING DEPARTMENT</b>
<b>Allocated FTE Count</b>	
Planning Technician	1
Administrative Assistant	1
Compliance Planner	1
Principle Planner	1
Planning Director	1
GIS Analyst	1
<b>ALLOCATED FTE COUNT</b>	<b>6</b>

There are no FTE changes for this department in the FY2026 budget. The significant increase in personnel costs is largely due to a change in how personnel costs are allocated. In the prior year, a percentage of the Planning Department's personnel costs were allocated to the Building Permit Fund.

For FY2026, in order to simplify accounting processes, all labor is being charged to the General Fund Planning Department and interfund transfers will be made on a monthly basis from the Building Permit Fund to cover a portion of the costs attributable to supporting the building inspection program that is contracted out to the City of Boardman.

## Budget Discussion

The Building Permit Fund accounts for revenues and expenditures related to the County's building inspection and permit program. Currently, this function is contracted to the City of Boardman. As part of that intergovernmental agreement, a portion of the revenue is paid to the County on a quarterly basis. These revenues are restricted for use by the building inspection and permit program.

The only expenditures from this fund are through interfund transfers to offset 10% of the personnel costs in the Planning Department. This covers the estimated amount of activity and support provided in the administration of the building permit and inspection program.

## Budget Discussion

The Water Planning Fund is used to account for activities related to water quality and quantity mitigation efforts throughout the County. The majority of the activity in this fund is related to a \$1.17 million grant that was awarded by the Environmental Protection Agency (EPA) through a congressionally directed spending request.

There have been additional subsequent congressionally directed spending requests, one of which has been awarded but the County has not yet completed the application process so funding for additional request has not been included in the FY2026 budget.

There are also two State grants through the Oregon Business Development Department (OBDD) that have been awarded for drinking and wastewater feasibility studies; these two grants total \$30,000 and are currently underway.

Additional budgeted expenditures from this fund include:

- LUBGWMA Committee Support: \$ 10,000
- Northeast Oregon Water Association Dues: \$ 6,000
- Contracted grant writing services: \$ 5,000

## Budget Discussion

The Heritage Trail Fund is a reserve fund for resources dedicated for future capital projects for Heritage Trail improvements.

In January of 2023, the Board of Commissioners determined to place \$600,000 in reserve each year until the reserve amount totaled \$2 million. This reserve is intended to be used as a County Match for future grant funding that will be applied for once the Columbia River Heritage Trail master plan is completed and the project is ready to move into the construction phase.

The development of the master plan is currently underway and is expected to conclude during the first half of FY2026. There are \$60,000 in expenditures budgeted (reimbursed through an Oregon Parks grant) in FY2026 to finalize the master plan. At the end of FY2026, the balance in the fund is expected to be \$2 million, thus, further accumulation of reserves will cease (unless otherwise directed by the Board of Commissioners), until a refined budget and project timeline for construction is developed.

## Budget Discussion

The Community Development department (administered by the Board through the County Administrator) in the General Fund is used to account for activities related to community and economic development in Morrow County. Expenditures from this department are comprised primarily of grants and support to outside organizations whose missions are to foster community and economic development within the County. In the previous budget, and historically, much of this activity was recorded and tracked in the Economic Development Fund that is primarily funded through Oregon Video Lottery revenue sharing. However, as the amount of funding provided through to these programs has grown, it has been necessary to supplement the funding with County general funds (primarily revenue generated through SIP agreements but also some tax revenue). Presently the amount of funding supplemental to Video Lottery revenue is the majority of the revenue and as such, can no longer be tracked in a special revenue fund and has been moved to the County general fund. A detail of the budgeted revenue and expenditures of Video Lottery funding will be covered in the following section.

### Grants

Below is a detail of the grant funding from this department that is included in the FY2026 budget:

Program/Recipient	One time or Recurring	Amount
Heppner Day Care Capital Grant	One Time	\$ 750,000
Heppner Day Care Operating Grant	Recurring	\$ 30,000
Boardman Senior Center	Recurring	\$ 40,000

<b>Program/Recipient</b>	<b>One time or Recurring</b>	<b>Amount</b>
Stokes Landing Senior Center	Recurring	\$ 40,000
South Morrow County Seniors Matter	Recurring	\$ 40,000
Neighborhood Center of South Morrow County	Recurring	\$ 50,000
Irrigon Boardman Emergency Assistance Center	Recurring	\$ 50,000
Boardman Food Pantry	Recurring	\$ 50,000
Morrow County Soil & Water Conservation District	Recurring	\$ 75,000
<b>Total</b>		<b>\$ 1,125,000</b>

### Contributions to ORS 190 Organizations

The County also makes regular contributions to related organizations that were formed under [ORS 190](#). These organizations support economic or community development within Morrow County. Previously these expenditures have been included as non-department expenditures in the General Fund. However, in an effort to enhance transparency and ensure expenditures are reflected under the appropriate governmental function, they have been moved to the Community Development department.

<b>Organization</b>	<b>One time or Recurring</b>	<b>Amount</b>
Columbia Development Authority (CDA)	Recurring (estimated based on historical)	\$ 15,000
Morrow County Broadband Consortium	Recurring	\$ 53,000
Morrow County Clean Water Consortium (New)	Recurring	\$ 60,000
<b>Total</b>		<b>\$ 128,000</b>

**Contracted Services & Other Expenditures**

<b>Organization</b>	<b>One time or Recurring</b>	<b>Amount</b>
Morrow County Extension Service	Recurring	\$ 256,649
<b>Total</b>		<b>\$ 256,649</b>

## Budget Discussion

The Economic Development Fund accounts for revenues and expenditures of Oregon Video Lottery funds. These revenues are restricted under [ORS 461.512](#) and can only be used by the County for the purpose of "furthering economic development"; this includes the following:

- Services or financial assistance to for-profit and nonprofit businesses located or to be located in Oregon
- Services or financial assistance to business or industry associations to promote, expand or prevent the decline of their businesses
- Services or financial assistance for facilities, physical environments or development projects, as defined in [ORS 285B.410 \(Definitions for ORS 285B.410 to 285B.482\)](#), that benefit Oregon's economy.

The County is budgeting for the receipt of \$128,000 in Video Lottery revenue for FY2026 and the estimated beginning balance for this fund is \$22,000.

Below is a detailed listing of grants and expenditures for this fund included in the FY2026 budget:

Program/Recipient	One time or Recurring	Amount
Willow Creek Economic	Recurring	\$ 35,000
<b>Total</b>		<b>\$ 150,000</b>

<b>Program/Recipient</b>	<b>One time or Recurring</b>	<b>Amount</b>

Morrow County Tourism: Consulting Services (incl. additional \$6,000)	Recurring	\$ 46,000
<b>Total</b>		<b>\$ 150,000</b>

Program/Recipient	One time or Recurring	Amount
requested above contract)		
Morrow County Museum Contract: F.A.R.M. Foundation	Recurring	\$ 11,000
<b>Total</b>		<b>\$ 150,000</b>

# Department Summaries

FY2026 Budget

**Fund:**

**246-Equity Fund**

**Department:**

## Introduction

The Morrow County Equity Fund was established in 2003 to provide funding assistance for businesses within the county. Funds are typically used for permanent financing for real estate or equipment purchases. This program is currently administered by Greater Eastern Oregon Development Corporation.

Staff is currently reviewing the policies and parameters related to the loan program with the intention of making recommendations for improvement to the Board of Commissioners.

# Department Summaries

FY2026 Budget

**Fund:**

**101-General Fund**

**Department:**

**133-Community Services Administration**

## Introduction

Community Services Administration is a newly formed department in the General Fund. In FY2025 the County hired an Assistant County Administrator that has management oversight of the following County departments and functions:

- Veteran's Services
- Facilities
- Public Transportation
- County Fair
- Parks Department

In order to maximize transparency a new Community Services Department was created to account for activities associated with the administration and oversight of the departments and functions listed above.

## Budget Summary

**133: Community Services Administration**

	ACTUALS & YTD			CURRENT BUDGET	PROPOSED BUDGET	APPROVED BUDGET
	FY2023	FY2024	FY2025	FY2025	FY2026	FY2026
<b>Expenses</b>						
MATERIALS & SERVICES	-	-	-	-	\$23,414	\$23,414
PERSONNEL SERVICES	-	-	-	-	\$201,821	\$201,821

# Department Summaries

FY2026 Budget

<b>Fund:</b>	<b>Department:</b>
<b>101-General Fund</b>	<b>119-County Museum</b>
<b>219-Economic Development</b>	<b>119-County Museum</b>

## Introduction

The Morrow County Museum General Fund department accounts for costs related to the operation of the Morrow County Museum. There are, however, some operating costs that are also expended from the Economic Development fund as well (\$11,000 for the FARM Foundation operating agreement). Operations of the museum are contracted to an outside organization; however, maintenance, insurance and utilities are paid for by the county within this department.

## Budget Summary

### 119: County Museum

	ACTUALS & YTD			CURRENT BUDGET	PROPOSED BUDGET	APPROVED BUDGET
	FY2023	FY2024	FY2025	FY2025	FY2026	FY2026

<b>EXPENSES TOTAL</b>	<b>\$11,000</b>	<b>\$11,185</b>	<b>\$25,170</b>	<b>\$17,165</b>	<b>\$17,283</b>	<b>\$17,283</b>
<b>Revenues Less Expenses</b>	\$0	-\$11,185	-\$25,170	-\$17,165	-\$17,283	-\$17,283

## Budget Discussion

For FY2026, there is only a small increase in the materials and services budget; this reflects the net impacts of changes to property, liability and vehicle/equipment insurance.

# Department Summaries

FY2026 Budget

<b>Fund:</b> <b>214-Fair Fund</b>	<b>Department:</b> <b>304-Fair Department</b>
--------------------------------------	--

## Introduction

The Morrow County Fair strives to deliver an exceptional county fair experience that unites all residents of Morrow County. We create a vibrant gathering space where communities can showcase their achievements, products, and talents. Through educational, social, and cultural programming, we preserve and celebrate agricultural heritage and traditions across our county.

Our commitment extends beyond the annual fair. The fairgrounds serve as a year-round multipurpose venue, hosting both public and private events that drive economic growth and tourism in our community. We maintain the highest standards of operation by adhering to County regulations and Fair Board policies.

### Financial Structure:

The Fair operates through two distinct funds:

1. The Fair Fund—our primary operating account that supports daily operations and annual fair activities
2. The Fair Capital Improvement Reserve—dedicated to managing revenues and expenditures for infrastructure improvements and facility enhancements

## Budget Discussion

### Budget Adjustments:

- Materials and Services: Projected increase of \$44,400 (2%)
- Capital Outlay: Additional allocation of \$40,000

### Fund Balance Status:

The Fair Fund experienced an unexpectedly robust beginning fund balance in FY2025 due to year-end funding received in FY2024. This positive trend is anticipated to continue into FY2026. As a result, no transfers from County General Funds are planned for FY2026.

### Important Financial Consideration:

While the current surplus is favorable, it is critical to note that the beginning fund balance should not be viewed as a sustainable funding source for ongoing operations. Relying on this balance to support routine operational expenses would not constitute sound fiscal management for long-term sustainability.

**Capital Outlay:**

Description	Notes	Amount
Portable Bleachers	Budgeted in Fair Fund 214	\$ 40,000
Fairgrounds Facility Remodel	Budgeted in Fair Capital Reserve	\$ 1,500,000
<b>Total</b>		<b>\$ 1,540,000</b>

**Bleacher Acquisition Program**

A three-year phased investment has been proposed to replace the current bleacher rental system with permanent, owned equipment. This strategic shift addresses:

- Cost efficiency
- Logistical challenges
- Safety concerns

The plan calls for purchasing one set of portable bleachers annually over the next three fiscal years.

**Facilities Remodel Project Status:**

- Secured grant funding: \$1.277 million
- Total estimated project cost: \$1.5 million
- Funding gap: \$223,000
- Design phase: Completed in FY2025
- Implementation: Scheduled for FY2026

Funding Solution:

The County has committed \$377,350 from general funds (SIP revenues) to the Fair Capital Reserve to ensure project completion.

**Project Prioritization:**

While multiple capital projects were proposed for FY2026, management has prioritized the facilities remodel project as the most critical near-term initiative. Other proposed capital improvements have been deferred to subsequent fiscal years to ensure optimal resource allocation for the remodel project.

**Personnel**

There are no personnel changes in the FY2026 budget for the Fair.

<b>Position Name</b>	<b>FAIR</b>

FY2026 Budget

**Fund:**

**216-Public Transportation**

**225-Public Transit Vehicle Reserve**

**Department:**

**320-Public Transportation**

## Introduction

### OUR MISSION STATEMENT

Morrow County Public Transit provides all residents with safe, caring, and reliable transportation services to enhance their quality of life.

### OUR VISION STATEMENT

Our goal is to create a sustainable and efficient transit system network that remains steadfast in our mission to serve the community. We are committed to increasing access to reliable transportation for all residents of Morrow County, ensuring that every individual, regardless of their location or background, has the opportunity to connect with essential services, jobs, and educational opportunities.

Serving All Of Morrow County including Veterans, Seniors, Person with Disabilities, limited, or no transportation. Ridership is available to any and all of Morrow County residents.

## Department Updates

Morrow County Public Transit successfully launched three new fixed routes, expanding service to reach more residents and connect key destinations throughout the county and surrounding areas.

We improved the efficiency of our Demand Response service by enhancing scheduling practices and ride-sharing coordination.

These changes reduced operational costs while maintaining reliability for riders. Ridership increased sixfold as a result of targeted outreach, community engagement,

and strategic partnerships with local schools, employers, and other stakeholders.

In response to budget reductions, we implemented cost-saving measures, including staffing adjustments, prioritizing high-demand routes, and actively seeking new funding opportunities.

Despite financial challenges, we expanded access, improved system performance, and strengthened the overall value of public transit for the communities we serve. In this section, you can go into further detail.

## Budget Discussion

For FY2026, the budget for Morrow County Public Transit was prepared in alignment with the STIF Operating Plan (and all of the other grants received for public transit)

Additionally, for the FY2026 budget the fund 225-MCPT Vehicle Reserve will be discontinued with the balance being transferred back into the main operating fund for the department. There is no need to maintain a separate vehicle reserve, this can be all accomplished in a single fund for the department due to the nature of the grant accounting that is required.

## Personnel

Along with the operation changes that have been implemented for Public Transit over the last year, the workforce in the department has been "right sized" for the current and expected level of operations. This has resulted in a significant reduction in the total FTEs in the department. As a reference, the FY2025 budget had 16.125 FTEs included.

### Full Time Equivalents (FTE)

Position Name	SPECIAL TRANSPORTATION
<b>Allocated FTE Count</b>	
Driver I	3.95
Driver II	1.95
Transit Services Manager	1
Transit Operations Supervisor	1
Transit Dispatcher	2
<b>ALLOCATED FTE COUNT</b>	<b>9.9</b>

# Department Summaries

FY2026 Budget

**Fund:**

**238-Parks Fund**

**Department:**

**300-OHV Park**

**238-Anson Wright Park**

**200- Cutsforth Park**

## Introduction

Parks Department mission is to maintain, improve, promote and protect County Parks while providing quality facilities and diverse recreational opportunities with natural and historical conservation/preservation, education and inspiration for this and future generations.

The Parks Master Plan 2018-2038 set goals to help ensure the parks had guidelines on which to base current and future decisions.

Goals: responsive to recreation needs; maximize resources; responsible stewardship of human, fiscal, natural and historical resources; provide safe, well-designed and properly maintained facilities and programs; promote health and wellness; develop and cultivate

## Operations

The parks department personnel oversee and maintain three separate locations with the majority of time, park infrastructure, trails, land and resources being the Off-Highway Vehicle Park (OHV). Thus, the largest percentage of the parks budget is allocated to its operation, as is the personnel services. Cutsforth Park (Cutsforth) is the second busiest and has some aging infrastructure that does require attention and repairs. Anson Wright Park (Anson Wright) while busy does not require quite the personnel attention as the OHV and Cutsforth. It too has aging facilities that have seen some upgrades in recent years to help preserve its longevity.

## Personnel

Much like operations, personnel are divided up based on the needs of the parks and its users. Parks Dept. looks at the whole scope of events, projects, funding and resources available to determine the focus on the day-to-day operations and schedule personnel

accordingly. This is done to ensure that not one park is overlooked, and items are addressed as necessary for maintenance or events. Parks continues to see growth and use of its facilities; to keep up with this growth the additional full-time personnel are essential to help keep things in proper working order to help ensure public safety.

## Infrastructure

Each park has structures that offer amenities to guests of which, a few of these structures due to their age need repairs, maintenance, or upgrades. Then there are those that the guests would like to see constructed or improved upon. Buildings vary in age as the parks continue to grow and so does its building inventory thus, the buildings vary in age, style and degree of repair or upgrades to keep them functioning, operational and compliant by today’s standards.

All the parks have Recreation Vehicle (RV) campsites with various amenities depending on the RV site that include picnic tables, fire rings, septic, water, and power. Campsites are inspected routinely to make sure that amenities and the campsites are operational and in good working order for use by guests.

# Department Summaries

FY2026 Budget

**Fund:**

**101-General Fund**

**Department:**

**106-Veteran's Services**

## Introduction

Morrow County Veterans Services assists all veterans and their families. Veterans' disability claims vary in complexity, especially those that involve multiple medical issues. Our ageing veteran cases are often more complicated and require additional time to gather evidence, develop claim strategy and coordinate assistance. Substantial benefit changes can be confusing for veterans as well as private health care providers who serve veterans. VA laws and benefits are constantly being updated, including veterans benefits, claims adjudication, and VA Health Care operations and programs. Accurate information and timely services are vital to program success.

## Training & Accreditation

A Veterans Services Officer (VSO) has 18 months from the time of hire to become accredited through the state of Oregon. Oregon Department of Veterans Affairs (ODVA) provides VSOs and Office Administration support training and accreditation as well as funding. ODVA works with National Veterans Services Legal Services Program (NVLSP) for ongoing virtual trainings. ODVA training consists of bi-monthly meetings, quarterly trainings, twice yearly regional trainings and an annual statewide conference. In addition, ODVA works with NVLSP and National Association of Veterans County Veterans Service Officers (NACVSO) to provide training webinars. There is an annual weeklong NACVSO conference in the summer. Training is essential to the operation of our department. We must keep up to date on the constantly evolving federal and state law changes to provide the highest quality of services to the members of our community.

## Outreach

We work to increase VA benefit awareness through events and coordination with other agencies that provide services to veterans and veteran families. We utilize printed media, social media, and partner with Morrow County Transportation, Community Counseling Solutions and others to share information about Veterans benefits and

resources. We work with our community partners to sponsor Veterans meals at local senior centers, along with participation in annual community events such as Suicide Awareness events and the local High School Veterans Day Programs. We act as a liaison for local resources, referring our veterans to local food banks, CAPECO, Pacific Northwest Veteran Alliance, American Legion, Blue Mountain Action Council and other organizations for further assistance.

## Budget Summary

### 106: Veterans' Services

	ACTUALS & YTD			CURRENT BUDGET	PROPOSED BUDGET	APPROVED BUDGET
	FY2023	FY2024	FY2025	FY2025	FY2026	FY2026
<b>Revenues</b>						
FEDERAL, STATE, & LOCAL	\$85,736	\$84,944	\$63,708	\$88,943	\$88,943	\$88,943
OTHER REVENUE SOURCES	\$39	\$0	-	\$0	\$0	\$0
<b>REVENUES TOTAL</b>	<b>\$85,775</b>	<b>\$84,944</b>	<b>\$63,708</b>	<b>\$88,943</b>	<b>\$88,943</b>	<b>\$88,943</b>
<b>Expenses</b>						
MATERIALS & SERVICES	\$12,566	\$12,919	\$11,016	\$28,505	\$29,420	\$29,420
PERSONNEL SERVICES	\$99,953	\$137,176	\$101,691	\$160,666	\$125,794	\$125,794
<b>EXPENSES TOTAL</b>	<b>\$112,519</b>	<b>\$150,094</b>	<b>\$112,708</b>	<b>\$189,171</b>	<b>\$155,214</b>	<b>\$155,214</b>
<b>Revenues Less Expenses</b>	<b>-\$26,744</b>	<b>-\$65,150</b>	<b>-\$49,000</b>	<b>-\$100,228</b>	<b>-\$66,271</b>	<b>-\$66,271</b>

Morrow County Veteran Services is largely supported by state lottery funds through Oregon Department of Veterans Affairs (ODVA) to provide essential ongoing assistance for County Veterans Service programs across the state. Last fiscal year funding for Morrow County was \$84,943 (paid quarterly in the amount of \$21,236) and a \$4,000 suicide awareness Grant. Morrow County contributes the remaining funding for this department. As county budget timing is not aligned with the state, it's impossible to determine the exact amount we will receive from ODVA funding, however there is usually a slight increase from year to year.

There is no significant change in the proposed budget for FY2026. You will see a slight increase in advertising/marketing and hospitality event supplies. That is due to the increase in the events we are hosting. We have weekly coffee time in Irrigon, monthly lunch in Heppner and a quarterly benefit awareness meeting in Boardman. These events are free and educational for our local veterans and their families. Other areas of the budget have been slightly decreased to accommodate for the change.

## Personnel

### GF: 106-VETERANS' SERVICES

Position Name	VETERANS
<b>Allocated FTE Count</b>	
Administrative Clerk	0.475
Veterans' Services Officer	1
<b>ALLOCATED FTE COUNT</b>	<b>1.475</b>

The FY2026 budget maintains current staffing levels while reflecting a \$34,872 reduction in personnel costs. This decrease stems from the transition in benefit structures between the previous and current Veterans Service Officer (VSO) positions.

The differential is attributable to changes in the County's retirement benefit programs. The previous VSO participated in the County's defined benefit pension plan, while the current officer—hired after the plan's closure to new participants—is enrolled in the current retirement benefit structure. The defined benefit pension plan carried substantially higher costs compared to present retirement offerings, accounting for the reduction in personnel expenditures.

It is important to note that this budget adjustment reflects only the difference in benefit costs and does not impact service delivery or staffing levels. The Veterans Service Office continues to maintain its full operational capacity and commitment to serving our veteran community.

# Department Summaries

FY2026 Budget

**Fund:**

**101-General Fund**

**Department:**

**120-Public Works Administration**

## Introduction

The Morrow County Public Works Department oversees the management and operation of key infrastructure and services, including the County Road System, solid waste disposal at the North and South Transfer Stations, the Lexington Airport, and Weed Management. Public Works collaborates closely with all County Departments and Offices to ensure effective support for the citizens of Morrow County.

This department in the General Fund is used to account for activities related to the administration of the various Public Works functions.

## Budget Summary

**120: Public Works Administration**

	ACTUALS & YTD			CURRENT BUDGET	PROPOSED BUDGET	APPROVED BUDGET
	FY2023	FY2024	FY2025	FY2025	FY2026	FY2026
<b>Revenues</b>

<b>EXPENSES TOTAL</b>	<b>\$62,990</b>	<b>\$152,649</b>	<b>\$464,139</b>	<b>\$388,010</b>	<b>\$278,628</b>	<b>\$278,628</b>
<b>Revenues Less Expenses</b>	<b>-\$62,990</b>	<b>-\$152,649</b>	<b>-\$464,118</b>	<b>-\$388,010</b>	<b>-\$278,628</b>	<b>-\$278,628</b>

## Budget Discussion

For FY2026, only a small 1.2% increase in materials and services is being projected. There is, however, a significant reduction in budgeted capital outlay. In the prior fiscal year, this department had budgeted for the purchase of new and replacement vehicles for staff. Those purchases have been completed so those items were removed from the FY2026 budget. However, there is still a small amount of carryover related to those vehicle purchases to complete the necessary upfitting.

### Capital Outlay

Organization	One time or Recurring	Amount
FY2025 Carryover: Vehicle Upfitting	Recurring	\$ 10,000
<b>Total</b>		<b>\$ 10,000</b>

## Personnel

With the restructuring of the Public Works administration department resulting in moving the Parks Department and Facilities Maintenance Department out of Public Works, there are changes in how the personnel costs are allocated since one of the Administrative Assistant positions was also moved to the new Community Services Administration Department. Below are the details of how the Public Works Administrative employees are allocated to the various funds for FY2026.

### Public Works Admin FTE Allocation

FY26 WF PLAN - WORKFORCE FTE			
	Administrative Assistant (PW)	PW Administrative Manager	Public Works Director
<b>FTE</b>			
101 - GENERAL FUND	0.55	0.48	0.48
202 - ROAD FUND	0.40	0.48	0.50
205 - AIRPORT FUND	0.05	0.05	0.02
<b>FTE TOTAL</b>	<b>1.00</b>	<b>1.00</b>	<b>1.00</b>

FY2026 Budget

<b>Fund:</b>	<b>Department:</b>
101-General Fund	122-North Transfer Station
101-General Fund	123-South Transfer Station

## Introduction

In 1974 the County had worked with the first Solid Waste Management for the County, in 1988 as a result of an application for a regional landfill proposed by Tidewater Barge Lines resulted eventually in the creation of Finley Buttes Regional Landfill.

The North County facility is located on the Northern end of Bombing Range road, this site accommodates waste disposal and recycling opportunities to County Residents.

The Lexington transfer station is located along highway 207 about a mile south of Lexington. This site accommodates waste disposal and recycling opportunities to County Residents.

## Budget Discussion

Both of the transfer station departments are reflecting a decrease in expenditures for the FY2026 Budget. During FY2025 each of the transfer station had significant amounts budgeted in capital outlay for the addition of scales. For the most part, those projects have been completed, however, there is a carryover amount of \$20,000 in capital outlay for the South Transfer Station for ramps required to complete scale installation.

Both transfer stations are fully funded through a combination of fees collected and transfers from the license fee revenue generated by the Finley Buttes Landfill.

## Personnel

There are no personnel changes to these departments for FY2026.

## Budget Discussion

The budget proposal for the weed department is reflective of the expansion and growth of the department.

The department has moved into a new facility and has increased ongoing costs such as utilities and maintenance. Some of this proposed budget also reflects the cost of equipment as the technology and operations enter more modern applications and adjust to industry standers.

The Road Department is still committed to 100% roadside spraying on the Road Right of Ways.

The City of Heppner, City of Boardman, and the Army Corps of Engineers have all entered contracts with the department placing the demand high for more reliable and efficient equipment.

For the upcoming FY26 year, the weed department is growing rapidly, and the costs reflect the new spraying contracts. With the support of the past few budgets, the department has positioned itself for increased revenue streaming with these upgrades to facilities and equipment.

The budget for the Weed Department also includes the Weed Equipment Capital Reserve Fund.

The Weed Equipment Reserve Fund does not have any planned expenditures for FY2026. However, it does include a reserve requirement for the accumulation of funding to support a Weed Spray Drone Program (FY2028) and the replacement of one of the Weed Department vehicles (FY2029). The total reserve requirement for FY2026 is \$ 58,300.

### Capital Outlay

Description	Notes	Amount
UTV Spray Vehicle	Polaris Ranger w/Spray Apparatus	\$ 40,000
<b>Total</b>		<b>\$ 40,000</b>

## Personnel

### GF: 128-WEED DEPARTMENT

Position Name	WEED DEPT.
<b>Allocated FTE Count</b>	
Weed Program Manager	1
Weed Control Applicator	1
<b>ALLOCATED FTE COUNT</b>	<b>2</b>

For the FY2026 budget, reflects a 0.5 FTE increase in the Weed Department. This is to change the currently part-time Weed Control Applicator position to a full-time position.

## Introduction

### The Road Department Mission Statement:

It is the intention of the Morrow County Road Department to maintain all Morrow County roads as the safest and most efficient routes of travel possible. We will at all times be good stewards of the tax payer’s dollars. We will always attempt to serve the public with a courteous and helpful attitude. We will constantly strive to improve our work and maintain an efficient, effective operation. We will maintain a work ethic which will advertise our County in a good light and give a positive image to everyone. We will consider the road in front of everyone’s home as important as the road in front of our home. We will always work with other departments for the common good. We will not prioritize needs by personal prejudice or self-motivation, but rather by sound decision making from available facts and resources.

## Budget Discussion

### Road Maintenance Projects

This fiscal year road maintenance schedule is to chip around 11.5 miles of road surface, to help improve road surfaces and to prolong the life of the road. Our chip seal program is significantly reduced this year as we have an abnormally high amount of regular maintenance to get done on our road system. The crew will be servicing, repairing, installing and removing road signs throughout Morrow County, fixing potholes, guardrail, ditch work along roadways, replacing and installing new culverts for better drainage, remove trees and brush for better visibility, work with the Weed Department to minimize the weed problem throughout the county, and snow and ice control during the winter months.

### Significant Budget Changes

- Paint and Chemicals: There have been increases in material costs and we are also trying to cover more miles for weed control and paint striping.
- Contracted Services: We are finally catching up on rock crushing and will need additional help transporting the rock out to the job sites.

### Equipment Purchases and Repair

This fiscal year the Road Department is requesting replacing a road grader and a loader. These pieces of equipment are highly utilized here at Morrow County and have reached or exceeded their useful life.

### Capital Project

Over the next fiscal year, we plan on completing two capital paving improvement projects. The projects include widening road surfaces, improving subgrades and drainage, new pavement and chip seal wear surfaces, and updated signage. These improvements will achieve additional miles of safe routes for the motoring public and help reach our goal in providing well maintained roads to our paved road system.

### Capital Outlay

Description	Amount
CAT Grader 160M	\$ 525,000
Tractor Replacement	\$ 225,000
Belly Dump Trailers (Qty: 2)	\$ 125,000
950 CAT Loader	\$ 360,000
Welder Replacement	\$ 7,800
Pickup Sander	\$ 8,500
Hydraulic Press	\$ 6,000
Equipment Trailer	\$ 30,000
Baker Lane Widening Project	\$ 375,000
Public Works Perimeter Fencing Improvement	\$ 60,000
Outside Storage Area Roof Project	\$ 45,000
<b>Total</b>	<b>\$ 1,767,300</b>

### Reserves

As of the end of FY2025, the reserve funds for bridge replacements and improvements will be at \$3 million. For the FY2026 budget, an additional \$500,000 was added to that reserve as a requirement (reserved for future expenditure) in the road fund. The total at the end of FY2026 will be \$3.5 million.

In addition, there is a surplus in the Road Fund in the FY2026 Budget of \$401,426. That amount was added to 'reserved for future expenditure' for a future non specified use.

**Full Time Equivalents (FTE)**

There are no personnel changes included in the FY2026 budget for the Road Department.

# Department Summaries

FY2026 Budget

**Fund:**

**205-Airport Fund**

**Department:**

**250-Airport Department**

## Introduction

The airport has long served as a base for agricultural spraying operators while also supporting a range of activities, including general aviation, business, medical, and charter operations. Currently, it accommodates locally based single-engine aircraft, including two turbine-powered agricultural planes.

In addition to local traffic, the airport supports intermediate general aviation and business aviation activities, including turboprop aircraft, business jets, and helicopter operations. Looking to the future, the airport seeks opportunities to integrate advanced technologies, such as drones and electric Vertical Take-Off and Landing (eVTOL) aircraft, into its operations.

## Budget Discussion

The capital request for the FY2026 Budget focuses on the design phase and construction of a Precision Approach Path Indicator (PAPI) light system, as well as the development and construction of an Unmanned Aircraft System (UAS). The PAPI system will provide pilots with a clear and reliable approach to the runway, enhancing safety and precision.

The UAS development will establish a streamlined, productive process to integrate advanced technology into avionics, keeping pace with modern advancements and industry needs.

Additionally, this request includes a design phase for a parallel taxiway that will span the entire length of the existing runway. Before proceeding, it will be necessary to acquire the right-of-way from an adjacent landowner to ensure sufficient space for construction. Some costs are involved in this.

Funding for phase one of the PAPI light system will be through a Federal grant in the amount of \$ 113,000.

## Personnel

The personnel related costs for the FY2026 budget were modified from the previous year due to the restructuring of the Public Works Administration department and the creation of the Community Services Administration Department. In total there is 0.12 FTE allocated to the Airport.

# Department Summaries

FY2026 Budget

**Fund:**

**101-General Fund**

**Department:**

**114-Public Health**

## Introduction

The mission of Morrow County Public Health is to Protect, Connect and Thrive. We work in many different areas to protect and support people’s health at the community level.

We have three clinics, located in Boardman, Heppner and Lone. These are public health clinics, where we provide access to health services that benefit the community and that people may not be able to get elsewhere. Our nurses provide immunizations (vaccines), STI testing, birth control and more.

### Water Quality Programs

Morrow County Public Health maintains its commitment to ensuring safe drinking water access for well owners within the Lower Umatilla Basin Groundwater Management Area (LUBGWMA). This service is facilitated through strategic partnerships with Oregon Department of Human Services (ODHS) and certified water delivery vendors.

### Environmental health

The intergovernmental partnership agreement with Umatilla County continues at current FY 2025 levels without rate adjustments. We have established a cost-effective arrangement with Umatilla County for home visiting services, resulting in significant cost savings compared to maintaining an in-house nursing position.

### Healthcare Services

Family Planning Services are being restructured with the engagement of Dr. Emily Jack on a quarterly consultation basis, following the conclusion of our previous provider agreement. This transition is projected to maintain current budget parameters.

### Facility Optimization

The department has implemented facility sharing arrangements with Public Transit in our Boardman clinic location. This partnership includes cost-sharing for utilities and telecommunications infrastructure, optimizing operational expenses.

## Mental Health Services

The Public Health Department oversees comprehensive mental health services delivery through our partnership with Community Counseling Solutions (CCS). This collaboration encompasses:

- School-Based Health Center (SBHC) services in Ione
- Alcohol and drug prevention programs
- County-wide mental health services

Funding for these mental health initiatives is supported through multiple grant sources:

- OHA Public Health Financing grant (PE44-02 for SBHC)
- EOCCO-SPURS allocation
- OHA Community Mental Health Financing grant
- ADPEP grant

The projected grant funding for mental health services totals approximately \$1.817 million, representing 55% of departmental grant revenue. These figures are subject to adjustment pending finalization of the State's 2025-2027 Biennial Budget.

## Budget Highlights

### Water Quality Programs

Morrow County Public Health maintains its commitment to ensuring safe drinking water access for well owners within the Lower Umatilla Basin Groundwater Management Area (LUBGWMA). This service is facilitated through strategic partnerships with Oregon Department of Human Services (ODHS) and certified water delivery vendors.

### Environmental health

The intergovernmental partnership agreement with Umatilla County continues at current FY 2025 levels without rate adjustments. We have established a cost-effective arrangement with Umatilla County for home visiting services, resulting in significant cost savings compared to maintaining an in-house nursing position.

## Healthcare Services

Family Planning Services are being restructured with the engagement of Dr. Emily Jack on a quarterly consultation basis, following the conclusion of our previous provider agreement. This transition is projected to maintain current budget parameters.

## Facility Optimization

The department has implemented facility sharing arrangements with Public Transit in our Boardman clinic location. This partnership includes cost-sharing for utilities and telecommunications infrastructure, optimizing operational expenses.

## Mental Health Services

The Public Health Department oversees comprehensive mental health services delivery through our partnership with Community Counseling Solutions (CCS). This collaboration encompasses:

- School-Based Health Center (SBHC) services in Ione
- Alcohol and drug prevention programs
- County-wide mental health services

Funding for these mental health initiatives is supported through multiple grant sources:

- OHA Public Health Financing grant (PE44-02 for SBHC)
- EOCCO-SPURS allocation
- OHA Community Mental Health Financing grant

## Budget Discussion

During FY2025, a majority of the funding for this department was through the ARPA SLFRF grant from the US Treasury. Initially, in FY2025, all of the funding was budgeted to come from the General Fund. However, due to the pending expiration of the SLFRF funds, the determination was made to fund these services with the remaining balance of that grant.

In FY2026, this is budgeted solely as a General Fund expenditure.

# Department Summaries

FY2026 Budget

**Fund:**

**101-General Fund**

**Department:**

**112-Juvenile Department**

## Introduction

The Juvenile Department administers delinquency cases referred by law enforcement for youth alleged to have committed violations or criminal acts. Working in conjunction with the District Attorney's office, families, and victims, the department ensures equitable judicial processing while providing supervision for youth under both informal and formal probation. The department implements evidence-based interventions and facilitates access to community resources, aiming to minimize further involvement in the juvenile justice system. Programs focus on accountability while developing skills that promote positive behavioral change. Additionally, the department manages statutory automatic expungement processes and provides comprehensive victim services.

## Funding Structure

Primary funding derives from the County General Fund, supplemented by state grant allocations that enhance youth services. Through an Intergovernmental Agreement with the Oregon Youth Authority (OYA), the department receives Juvenile Crime Prevention (JCP) Basic Services funds, calculated based on youth population demographics (ages 0-17). The anticipated 2025-2027 biennial allocation of \$45,656 supports detention services, assessments, evaluations, educational curricula, and restitution programs.

A separate Grant Agreement with the Oregon Department of Education provides additional JCP funding, projected at \$70,000 for the 2025-2027 biennium. These funds are sub-granted to community partners delivering prevention services for youth ages 8-17, including educational support, recreational activities, and essential needs assistance.

The department also receives OYA funding for automatic expungement processing on a reimbursement basis, with case fees varying according to complexity.

## Budget Summary

	ACTUALS & YTD			CURRENT BUDGET	PROPOSED BUDGET	APPROVED BUDGET
	FY2023	FY2024	FY2025	FY2025	FY2026	FY2026

<b>Fund:</b>	<b>Department:</b>
<b>101-General Fund</b>	<b>109-Justice Court</b>
<b>231-Justice Court Bails, Fines &amp; Fees</b>	<b>109-Justice Court</b>

## Introduction

The Justice Court operates within the General Fund as Department 109, serving as an essential component of Morrow County's judicial system. The court exercises concurrent jurisdiction with the circuit court in criminal prosecutions within county boundaries, excluding felony trials. Court proceedings and evidentiary standards align with circuit court protocols except where specifically differentiated by statute.

The court's jurisdiction encompasses traffic violations, boating infractions, wildlife violations, and other county-level violations. In addition to these responsibilities, the Justice of the Peace maintains authority to perform marriage ceremonies, issue arrest and search warrants, and preside over City Code cases where intergovernmental agreements exist.

In civil matters, the court adjudicates small claims with monetary claims up to \$10,000. This jurisdiction specifically excludes cases involving real property title disputes, false imprisonment, libel, slander, and malicious prosecution.

Revenues Less Expenses	-\$159,224	-\$184,537	-\$191,777	-\$313,647	-\$312,887	-\$312,887

The past fiscal year has shown an increase in cases requiring interpreter services, spanning both pre-court consultations with appointed attorneys and court proceedings for criminal and traffic cases. This trend appears to correlate with several factors: enhanced police presence in the patrol area, increased traffic flow through the County, and a higher frequency of cases proceeding to trial.

The upcoming fiscal year will involve a staffing transition as one employee enters retirement. The subsequent hiring of a new staff member will require additional training resources to ensure operational continuity and proficiency in court procedures.

**249-Mediation & Conciliation  
Fund**

**251-Behavioral Health Deflection  
Grant Fund**

**Department:**

**111-District Attorney's Office**

## Introduction

The District Attorney serves as an elected state officer representing the public interest in criminal matters within Morrow County. This position carries responsibility for initiating criminal charges based on legal merit and available evidence, while ensuring justice through protection of both victim and defendant rights.

The scope of District Attorney duties extends beyond criminal prosecution to include child support enforcement, juvenile justice matters, and death investigations. Though elected at the county level and serving local constituents, District Attorneys receive state compensation and stand for election every four years.

As part of Oregon's broader justice system, the District Attorney maintains membership in the Oregon District Attorneys Association (ODAA), a professional organization comprising District Attorneys, their deputies, assistant attorneys general, and U.S. Attorneys. The ODAA supports justice administration through educational programs and advocacy initiatives.

There are multiple funds and programs overseen by the District Attorney. This list of funds is detailed above. There is one new fund that was created in support of the District Attorney's office during the current fiscal year. That fund is the 'Behavioral Health Deflection Grant Fund'.

Lastly, in the FY2026 budget the 'Liquor Control Fund' is being consolidated with the 'Alcohol Enforcement Fund'.

This fund encompasses two primary funding sources: the Victims of Crime Act (VOCA) grant and the Criminal Fine Account (CFA) grant. VOCA funding supports adult crime victims through various assistance programs, including emergency housing support, rental assistance, and transportation expenses for court appearances. The grant additionally covers essential communication expenses, such as cellular phone services to maintain victim contact, and provides for staff professional development through training programs inclusive of associated travel and subsistence costs.

Personnel expenses, including the majority of the Victim's Advocate position, receive funding through both VOCA and CFA allocations. The CFA grant maintains a carryover balance from the previous biennium, earmarked for a potential part-time assistant position, subject to position authorization.

The fund supports interpreter services specifically for victim advocacy meetings. Notably, interpreter services for Grand Jury proceedings fall outside grant parameters and require funding through the District Attorney's operational budget, as grant provisions explicitly exclude prosecutorial functions.

The CAMI Grant provides essential funding for child abuse investigation and intervention services. A primary allocation supports contracted services with Mt. Emily Safe Center in La Grande, Oregon, which conducts forensic interviews for child abuse victims. This investigative component operates in conjunction with the Multi-Disciplinary Team (MDT), comprising professionals from Department of Human Services, law enforcement, educational institutions, and mental health services. The District Attorney's Office coordinates monthly MDT meetings to review active and suspected child abuse cases within the county.

Grant funding encompasses professional development through specialized training programs, including out-of-state opportunities for multiple MDT members, with provisions for associated travel and lodging expenses. The grant additionally supports direct victim services, including meal assistance for children during Mt. Emily Safe Center visits and transportation costs for the Victim Advocate vehicle used for MDT meetings and victim transport.

The program maintains contingency funding for emergency support services, providing essential items such as clothing and personal hygiene products for children requiring emergency removal from their residences.

## Personnel

111-District Attorney FTE Total

Position Name	GENERAL FUND	VICTIM/WITNESS ASSISTANCE
<b>Allocated FTE Count</b>		
District Attorney	1	0
Deputy District Attorney, Senior	1	0
Legal Assistant	2	0
Support Enforcement Officer	1	0
Victims Advocate	0	1
<b>ALLOCATED FTE COUNT</b>	<b>5</b>	<b>1</b>

The FY2026 budget includes one additional FTE in the District Attorney's Office. The addition of an additional legal assistant will provide additional support with the legal and administrative workload within the office.

This brings the FTE count for the District Attorney's office to a total of six.

## Budget Discussion

For the FY2026 budget, there is a significant reduction in budgeted revenue of \$82,593 (14.5%). The primary driver behind this reduction in budgeted revenue is the receipt of funds from the Columbia River Enterprise Zone (CREZ) in FY2025. When this funding was received, a budget adjustment was completed to reflect the increase in revenue with an offsetting increase in expenditures. However, this funding is considered a non-operating revenue and as such, is not budgeted for in FY2026 to support operations of the Sheriff's office.

Additionally, only a portion of the funding received was actually expended and the balance of the CREZ funds are tracked separately as they are restricted for use within the Sheriff's Office. Similar to the revenue, the expenditure of these funds was not included in FY2026 budget. When projects are identified by the Sheriff's Office, the project will be presented to the Board of Commissioners for approval. Following that approval, the planned expenditures of the CREZ funds can be transferred from general operating contingency and expended.

Expenditures are reflecting a budgeted increase over the prior year of a of about 3.1% in total with increases in materials and services and personnel costs being substantially offset by reductions to planned capital outlay expenditures (due to the removal of the one-time increases made in FY2025 for the expenditure of the CREZ funds previously discussed).

## Capital Outlay

Budgeted capital outlay for the Sheriff's Office for FY2026 include the following:

Outlay Description	Capital Outlay Cost
Search & Rescue Snowmobile (Qty: 2)	\$ 45,000
Vehicle Replacements with Upfitting (Qty: 6; One for City of Heppner contract)	\$ 395,036
Search & Rescue UAF-Funded through ODEM Grant 22-237	\$ 11,000
<b>Total</b>	<b>\$ 451,036</b>

## Personnel

GF: 113-SHERIFF DEPARTMENT

<b>Position Name</b>	<b>SHERIFF DEPARTMENT</b>
<b>Allocated FTE Count</b>	
Sheriff	1

## Budget Discussion

Emergency management is responsible for the preparedness, mitigation, and recovery for all natural and/or manmade hazards for the County.

There is a projected 48% increase in revenues for the Emergency Management department in this budget. The primary driver of this increase is a Hazardous Materials Emergency Preparedness Grant (Federal). The grant amount is \$39,380 and the funding will be used to host a 24 hour ASTI training. Total expenditures for this program are \$49,225 with a \$9,845 match required by the County.

An additional grant for the purchase of a UAV for the Sheriff's Office is also contributed to the budgeted increase in revenue. This grant is in the amount of \$11,000. Lastly, contract revenue received for participation in an emergency preparedness program related to the Columbia Generating Station is projected to increase from \$10,000 to \$17,263 in FY2026.

With the exception of the contract service revenue related to the Columbia Generating Station, the other grants are considered to be one time payments and not ongoing.

Expenditures in this department are projected to increase by 16.7% for materials and services; however, these increases are related to the expenditure of the non-recurring revenues identified above.

## Personnel

## Budget Discussion

Morrow County dispatch center receives and relays all emergency 9-1-1 calls for police, fire and medical for all of Morrow County. This includes answering and dispatching non-emergent calls for service from the business lines. Dispatch also maintains all electronic records for the 11 agencies that we dispatch for using multiple databases. We also track and maintain all Morrow County individuals in custody.

Materials and services expenditures are reflected a 5% increase over the prior year's budget for FY2026; this equates to a \$5,526 increase. The largest driver of this increase is related to the cost of software maintenance for the dispatch system (Goserco Inc.) and RIMS software maintenance. Another large increase is in office furniture with a \$5,000 addition for the increased cost of chairs. Some reductions have been made in other areas of the materials and services budget to partially offset the projected increases.

In order to maintain a balanced budget, the Emergency Dispatch fund is budgeted to receive transfers of County general funds to cover the \$458,696 deficit in the fund.

## Capital Outlay

## Budget Discussion

For FY2026, the Community Corrections funds is budgeted for net \$114,534 increase in revenue. This revenue is in the form of transfers from the County general fund in order to cover the deficit in this fund.

Expenditures on materials and services are budgeted to increase by 10%, or \$26,722. The biggest driver behind this increase is in contract services which is increasing by \$24,000 for expected payments to Community Counselling Solutions.

# Department Summaries

FY2026 Budget

**Fund:**

**321-Forest Service Fund**

**Department:**

**Non-Departmental**

## Introduction

This fund accounts for the revenues and expenditures received through the Secure Rural Schools act under Title III - County Projects.

Funds received under Title III are used to:

- carry out activities under the [Firewise](#) Communities program
- reimburse the participating county for search and rescue and other emergency services, including firefighting and law enforcement patrols
- cover training costs and equipment purchases directly related to the emergency service
- develop and carry out community wildfire protection plans.
- provide or expand access to broadband telecommunications services

In years when the Secure Rural Schools Act is reauthorized by Congress, Title III payments are made from the Forest Service to states. States then distribute the payment to all eligible counties.

There is a required 45-day public comment period before using Title III funds. Eligible counties must first publish in a publication of local record a proposal that describes the intended use of the county funds. The county also must submit the proposal to any Resource Advisory Committee for the participating county. Counties are required to certify use of Title III funds.

## Budget Discussion

The funds in this account are budgeted and appropriated, however, there are no specific projects at the time of budget preparation. Any expenditure of these funds must first go through the process described above.

# Department Summaries

FY2026 Budget

**Fund:**

**246-Debt Service Fund**

**Department:**

## Introduction

### Purpose of the Fund

The purpose of the Debt Service Fund is to segregate debt service activity and provide for a fund to accumulate resources to ensure the County's ability to meet future debt service obligations. Although the current debt obligations do not require it, often times a separate fund is required by the lenders or underwriters at the time of issuance.

### Existing Debt Obligations

Morrow County currently has one outstanding loan with Zion's Bank. The purpose of this loan was to finance the construction of the Morrow County Government Center building in Irrigon (North End Building). The closing date on this loan was February 26, 2021 and with a 15 year term, the maturity date is February 15, 2036. The interest arate for the loan is 1.79% fixed based on a 30/360-day year. This loan may be prepaidd anytime at par plus accrued interest with 30 days prior written notice.

### Strategy

In order to ensure the County's ability to meet future debt service obligations, the requirements of this fund are comprised of the following:

Current fiscal year debt service requirements budgeted as expenditures during the fiscal year

50% - 100% of the following year's debt service requirements budgeted as 'Reserved for Future Expenditures'. The goal is to hold one full year of debt service requirements in reserve, however, this may be reduced due to current projected available resources.

For fiscal year 2026, the principle amount for fiscal year 2030 will be transferred in and added to the balance (\$520,000).

The total number of years of principal payments held in reserve will be evaluated annually based on each years forecast rate of return on investments.
