

SECTION 3.070. GENERAL INDUSTRIAL ZONE, MG.

The General Industrial Zone is intended to provide, protect and recognize areas well suited for medium and heavy industrial development and uses free from conflict with commercial, residential and other incompatible land uses. This district is intended to be applied generally only to those areas which have available excellent highway, rail or other transportation. In an M-G Zone the following regulations shall apply:

A. Uses Permitted Outright. In an M-G Zone, the following uses and their accessory uses are permitted outright; except as limited by subsection C of this section. A Zoning Permit is required and projects larger than 100 acres are subject to Site Development Review (Article 4 Supplementary Provisions Section 4.170 Site Development Review).

1. Retail, wholesale or service business establishments except a use set forth in subsection B and subject to the limitations set forth in subsection C of this section.
2. Farming.
3. Residence including a mobile home for caretaker or night watchman on property with an existing industrial use, or for the owner of said industrial use.
4. Freight depot.
5. Contractor's or building materials business, and other construction related businesses including plumbing, electrical, roofing, siding, etc., provided such is wholly enclosed within a building or no outside storage is permitted unless enclosed by sight obscuring fencing.
6. Ice or cold storage plant.
7. Wholesale distribution outlet, including warehousing, but excluding open outside storage.
8. Welding, sheet metal, or machine shop provided such is wholly enclosed within a building or all outside storage is enclosed by sight obscuring fencing.
9. Veterinary clinic or kennel.
10. Laboratory for experiment, research or testing.
11. Compounding, packaging and storage of cosmetics, drugs, perfumes, pharmaceuticals, soap or toiletries, excluding all processes involving refining or rendering of fats and oils.
12. Government buildings including armories, maintenance, repair or storage facilities provided all outside storage is enclosed by sight obscuring fencing.
13. Manufacture, repair or storage of ceramic products, musical instruments, novelties, rubber or metal stamps, toys, optical goods, scientific or electronic supplies and equipment, business machines, pleasure boats, furniture, signs and similar operations provided no outside storage is involved.

14. Processing, packaging and storage of foods and beverages excluding those involving distillation, fermentation, rendering of fats or oils, and slaughtering.
15. Utility, transmission and communications towers less than 200 feet in height.
16. Data center.

B. Conditional Uses. In an M-G Zone, the following uses and their accessory uses are permitted when authorized in accordance with the provisions of this section and Article 6 of this ordinance:

1. Any use permitted when authorized by subsection (1) of this section on a lot within a duly platted subdivision or residential zone.
2. Utility, transmission and communications towers 200 feet in height and taller.
3. The resumption of a residential use including a mobile home where the subject use has previously been conducted and has not been discontinued for a period exceeding six months.
4. Manufacturing, repair, servicing and storage of machinery, implements, equipment, trailers, recreational vehicles or manufactured homes. Retail sales and rentals shall only be associated with these primary uses.
5. Any use permitted by subsection A of this section where open outside storage is involved.
6. Concrete or ready-mix plant.
7. Automobile and other automotive wrecking yard.
8. Quarry, gravel pit, subsurface or surface mining, including crushing, screening, or washing of extracted materials.
9. Commercial feed lot, stock yard, sales yard, slaughter house, and rendering plant.
10. Railroad trackage and related facilities.
11. Lumber and other wood products manufacturing.
12. Agricultural products storage and processing plants.
13. Any use permitted by subsection (1) of this section which is proposed to exceed or expected to exceed the following standards:
 - a. Occupy more than 70% of the land area designed or designated for said use.
 - b. Generates any odor, fumes, glare, flashing lights or noise which is perceptible from a resident located within 500 feet from the property line of the subject use without instruments.

14. Manufacture, repair or storage of articles manufactured from bone, cellophane, cloth, cork, feathers, felt, fiber, glass, stone, paper, plastic, precious or semi-precious stone or metal, wax, wire, wood, rubber, yarn and similar materials provided such uses do not create a nuisance because of odor, noise, dust, smoke, gas, traffic, or other factors.

15. Solid waste facilities and sites as governed by the Morrow County Solid Waste Plan and Ordinance.

16. Rail loop and spur dependent uses.

17. A recreational vehicle park meeting the requirements of Article 6 Conditional Uses. This use is only allowed in the General Industrial use zone also known as the old mill site just north of Heppner.

18. Other buildings and uses similar to the list above which shall not have any different or more detrimental effect upon the adjoining areas or districts than the buildings and uses specifically listed. Such uses shall only be incidental and directly related to the operation of permitted General Industrial uses.

C. Use Limitations. In an M-G Zone, the following limitations and standards shall apply to all permitted uses:

1. No use permitted under the provisions of this section that requires a lot area exceeding two (2) acres shall be permitted to locate adjacent to an existing residential lot in a duly platted subdivision, or a lot in a residential zone, except as approved by the Commission.

2. No use permitted under the provisions of this section that is expected to generate more than 20 auto-truck trips during the busiest hour of the day to and from the subject property shall be permitted to locate on a lot adjacent to or across the street from a residential lot in a duly platted subdivision, or a lot in a residential zone.

D. Dimension Requirements. The following Dimensional requirements apply to all buildings and structures constructed, placed or otherwise established in the MG zone.

1. Lot size and frontage: A minimum lot size has not been determined for this zone although the lot must be of a size necessary to accommodate the proposed use, however, it is anticipated that most, if not all uses will be sited on lots of at least two acres. The determination of lot size will be driven by the carrying capacity of the land given the proposed use. Minimum lot frontage shall be 300 feet on an arterial or collector; 200 feet on a local street.

2. Setbacks: No specific side or rear yard setbacks are identified within this zone, but may be dictated by provisions of the Building Code or other siting requirements. The minimum setback between a structure and the right-of-way of an arterial shall be 50 feet. The minimum setback of a structure from the right-of-way of a collector shall be 30 feet, and from all lower class streets the minimum setback shall be 20 feet. There shall be no setback requirement where a property abuts a railroad siding or spur if the siding or spur will be utilized by the permitted use.

3. Stream Setback: All sewage disposal installations such as outhouses, septic tank and drainfield systems shall be set back from the high-water line or mark along all streams and lakes a minimum of 100 feet, measured at right angles to the high-water line or mark. All structures, buildings, or similar permanent fixtures shall be set back from the high-water line or mark along all streams or lakes a minimum of 10 feet measured at right angles to the high-water line or mark.

4. Uses adjacent to residential uses. A sight-obscuring fence shall be installed to buffer uses permitted in the General Commercial Zone from residential uses. Additional landscaping or buffering such as diking, screening, landscaping or an evergreen hedge may be required as deemed necessary to preserve the values of nearby properties or to protect the aesthetic character of the neighborhood or vicinity.

E. Transportation Impacts

1. Traffic Impact Analysis (TIA). In addition to the other standards and conditions set forth in this section, a TIA will be required for all projects generating more than 400 passenger car equivalent trips per day. Heavy vehicles B trucks, recreational vehicles and buses B will be defined as 2.2 passenger car equivalents. A TIA will include: trips generated by the project, trip distribution for the project, identification of intersections for which the project adds 30 or more peak hour passenger car equivalent trips, and level of service assessment, impacts of the project, and, mitigation of the impacts. If the corridor is a State Highway, use ODOT standards. (MC-C-8-98)
