

## MORROW-UMATILLA DRINKING WATER INVESTIGATION (State 1): DATA MANAGEMENT WORKSHOP

**Date:** Thursday, May 23, 2024, 2-5 pm

**Location:** Don Adams Conference Room, North Morrow Government Center, 215 NE Main Street, Irrigon, OR 97844

Additional details and meeting materials will be provided at least one week before the workshop, including request for information to bring to the workshop from some participants.

This workshop will be a facilitated conversation about the data management objectives and approach for the DWI Project.

### Proposed Agenda:

1. Introductions (*10 min*)
  - Project team and invited participants
  - Other attendees
2. Project Overview (scope and schedule; Stage 1 focus) (*15 min*)
  - Project outcome and stages of delivery
  - Objectives of DWI project (data management)
  - Role of “Agency Data Stewards”
3. History and Status of Relevant Data Collection and Existing Databases (*50 min*)
  - Data and database structure by agency (counties, OHA, DEQ, ODA, OWRD)
  - Status of data sharing agreement(s)
  - Data from other non-agency parties (OSU, POM ...?)
4. Break (*10 min*)
5. Parallel data management efforts (*15 min*)
  - EPA data management platform – status and possible coordination
  - DEQ Oregon Water Data Portal – status and possible coordination
6. Data management perspectives and ideas from consulting team (*50 min*)
  - Criteria for selecting database platform and “owner” of project database
  - Standardization, data accessibility and quality (data validation process, security, back-up)
  - Relation to the QAPP
  - Data Management Framework Table of Contents/outline
7. Data Management Decisions (*20 min*)
  - Agency Data Stewards - selection
  - Data Management Agency (database owner) for project
  - Follow-up needs
8. Next Steps, Evaluation and Closing (*10 min*)

For logistics or additional meeting information, please contact the Morrow County Planning Department (541) 922-4624. Virtual participation is available. See link below.
